Work on streets to be emphasized

By HARRY BARNES
Press-Record Staff Writer

A citywide street improvement program — expedited because of extensive damage caused by the severe cold weather of the past winter — is being prepared by the City Engineering Department and is scheduled to be presented to the Granite City Council for action in its regular meeting Tuesday night.

The program is being drafted at the urging of council members who have complained frequently in recent months of the poor condition of most streets caused by broken surfaces, cracks and chuckholes caused in many instances by the

freezing and thawing processes of winter weather.

Monroe Brewer, city engineer, said Wednesday that his department has not yet determined a final cost estimate.

The work is to be scheduled as a priority under the budget to be adopted for the current fiscal year. The new budget has not yet been completed.

Brewer said, however, "We are looking at a program for the current year that would call for spending anywhere from \$200,000 to \$400,000, depending upon the amount of money that can be made available in this year's budget."

He said that, in looking at the

city's overall street improvement needs, "the prospective cost appears staggering."

It would be impossible to undertake a complete street repair program in any one year, he noted.

"The project we are facing, if all needed improvements were considered, probably would have to be done in a 10-year to 15-year program unless a bond issue were possible," Brewer said.

"And that is not likely," he added.

Brewer said the engineering department "is making a

Parade, circus coming to town

Ainad Temple Shrine will sponsor its annual circus and parade in Granite City Tuesday, June 6, through Friday, June 9, with the traditional program of animal acts, Arabian riders, high wire and trapeze artists, clowns and other entertainment.

The Shrine circus parade will be held here at 7:30 p.m. Tuesday, followed by circus performances at the Tri-City Speedway on Route 203 north of Granite City on three nights.

Circus performances will be at 7:30 p.m. on Wednesday, Thursday and Friday, June 7, 8 and 9.

The Shrine parade will be held in Belleville on Friday, June 2, followed by circus performances at 7:30 p.m.

Saturday, June 3, at 2 p.m., 4 p.m. and 7:30 p.m. on Sunday, June 4, and at 7:30 p.m. on Monday, June 5.

Kelly Hogan is chairman of the Granite City Circus Parade committee and will be assisted by Kerry Ervay and Tom Hundley as co-chairmen. Sid Strohsche is float chairman.

The circus program, which is held each year in Belleville and Granite City, is to benefit the Crippled Children's Hospital and Shrine-sponsored burns units.

This year a circus parade art contest was conducted for kindergarten through eighth-grade students and was divided into three categories by grade level. These include kindergarten, first, second and

\$100,000 for Venice Township eyeglasses

Venice Township trustees authorized expenditures of \$2,500 for the township eyeglass program at a meeting Tuesday evening, bringing to nearly \$100,000 the total paid by the township for eyeglasses and hearing aids for residents.

"We are not taking any repeat customers on eyeglasses. We have a waiting list now of about 200 persons who have not received eyeglasses and we want to help them as monies become available," Christ Pashoff, township supervisor, said.

"We started the eyeglass program in 1973 when I came into office. Since then, between eyeglasses and hearing aids, we have spent nearly \$100,000 in Federal Revenue Sharing funds

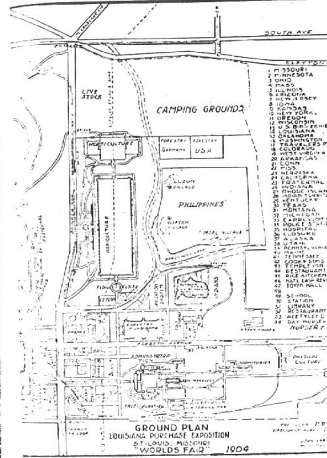

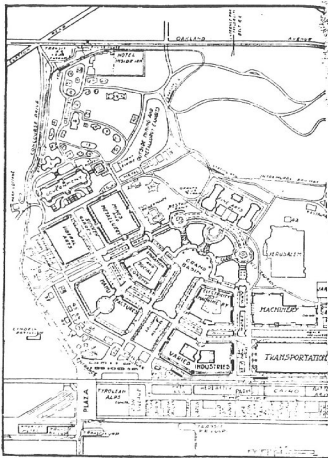

for these items for more than 1,000 Venice Township residents," Pashoff said.

"We would like to be able to supply dentures also, but we feel that due to the number of requests, people's eyes are the most important."

"The need for glasses is there and we, as township officials, want to supply the needs of our people as best we can," he added.

The trustees also voted to give \$1,500 to the Madison Fire department for equipment for the new fire truck and approved \$600 in payments for fire services.

Authority was given to spend \$5,000 for repairs, including touchup painting the Venice Township building.

'Meet me at the fair'...the good old days

By BILL WINTER
Editor

(First of two articles)
Venice's Merchants Bridge and St. Louis' Eads Bridge were in use, but the McKinley Bridge here was still only a dream.

If ever the "good old days"

seemed to be just that, it was this May-to-November period when time seemed to stand still. The eyes and thoughts of the entire world were focused on this metropolitan area, and with much justification.

The year was 1904 and the

occasion was the St. Louis World's Fair, commemorating the Louisiana Purchase of 1803. The land purchase itself has faded into the dim pages of history. And only a few persons are alive today who have personal recollections of the big

and colorful exposition held in this century's first decade.

But some of the buildings remain in St. Louis, and there are still World's Fair souvenirs among the keepakes of families here and elsewhere.

A well-preserved World's Fair Edition information guide discovered by Wilson Schwager of Tri-City Heating Co. and loaned to Al Edwards of the Press-Record staff provides fascinating details about the fair, held at a time when present-day communications and travel had not yet unveiled the wonders of the world to the typical citizen.

Marvels of all kinds were displayed in mammoth buildings, many of the structures immediately dismantled and others preserved for university, museum and other public purposes.

Heart of the exposition was the central area of giant Forest Park.

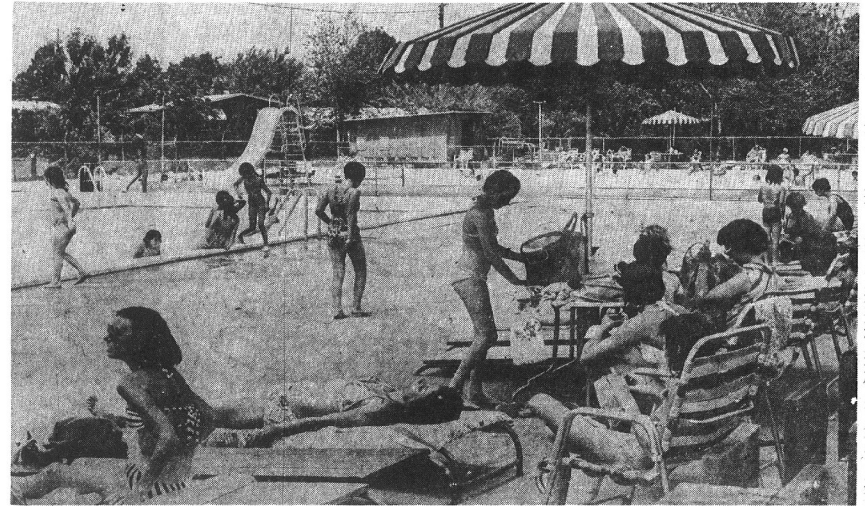

Highlights included the fair administration building, a part of Washington University, and the grand basin and cascades, with boats reminiscent of Venetian gondolas.

Buildings were dedicated to machinery, forestry-fish-game, transportation, education, the U.S. government, the state of Missouri, liberal arts, minerals, metallurgy, industries, manufacturing, electricity, fine arts, agriculture, and a hall of congresses.

David R. Francis served as president of the Louisiana Purchase Exposition, a massive effort to present the best and the newest that mankind had devised.

Attention also was devoted to the Louisiana Purchase U.S. boundary expansion, pushing

A SURE SIGN OF SUMMER — the meteorological summer begins here today and the official season June 21 — is the opening of Quad-City area swimming pools. The above view, taken this week at the Paddlers'

Swimming Club on Johnson Road, shows both of the club's large pools in operation. Large turnouts are being attracted each day.

Retired druggist Gantcheff dies

Gabriel Gantcheff, 70, of 2122 Edison Ave., former owner and operator of Gantcheff Drug Store on the corner of 19th Street and Delmar Avenue for 31 years, died at his home at 8:30 a.m. Wednesday.

He had been ill four years and was pronounced dead by William Sternberg, Madison County deputy coroner.

Mr. Gantcheff was born in New York City, N.Y., and resided in this area 65 years. He founded the drug store in 1942 and operated the business until he retired five years ago.

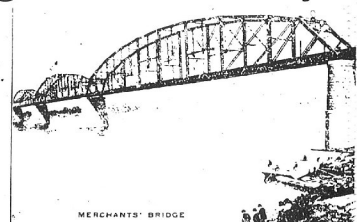

He served with the U.S. Navy during World War II and during his service years was transferred to the Marine Corps as a medic.

Mr. Gantcheff was a member of the Bencrest Gun Club of St. Louis, Amateur Radio Club, Tri-City American Legion Post 113, and various pharmaceutical associations.

GABRIEL GANTCHEFF Dies at Home

Survivors include a sister-in-law, Mrs. Helen Gantcheff of Granite City, and one cousin. Funeral arrangements are given in the obituary column.

3 firemen hurt

Three Granite City firemen were injured while fighting a garage fire at the Robert Howard residence, 2468 Adams St., at 8:10 p.m. Wednesday.

Fireman Tom Carmody, 28, of 2443 State St., was treated in the emergency room at St. Elizabeth Hospital for burns to the face, caused when he opened a door in the frame building and a back flash occurred. He was released after treatment.

Estimated loss to the garage was \$4,400 and \$1,000 loss to its contents. Firefighters were at the scene 50 minutes.

Fire Captain Jim Reiter, 48, suffered burns on both wrists, to partly cloudy and mild. Losses in the mid to upper 50s and high in the mid-70s.

Both men were treated by fire department emergency medical technicians and remained on duty.

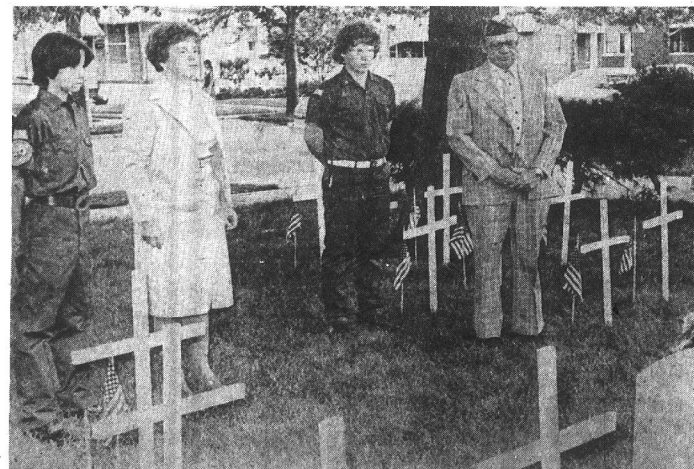

Estimated loss to the garage was \$4,400 and \$1,000 loss to its contents. Firefighters were at the scene 50 minutes.

Weather outlook for this region

Considerable cloudiness with chance of thundershowers today, tonight and Friday, mostly during afternoon and nighttime hours. High today in the upper 80s. Low tonight about

Army, flag birthdays June 14

By what is viewed as a curious and appropriate historical coincidence, the nation's Army and flag share their birthdays on June 14.

The U.S. Army's birth preceded the flag's by two years.

On June 14, 1775, the Continental Congress voted to form the Continental Army to fight against the British. With George Washington as its commander-in-chief, that first American Army helped establish independence in 1776 and succeeding years.

On June 14, 1777, the new United States Congress voted to adopt a national flag — the Stars and Stripes.

Legend says that it was made by Betty Ross at the request of George Washington, Robert Morris and Colonel George Ross for the Continental Congress.

Its basic design has changed little in the past 201 years.

Only the addition of more stars for the states entering the Union has altered the appearance of the familiar "star spangled banner."

This year, Quad-Cityans and the nation will celebrate the Army's 203rd birthday on June 14, the same day they celebrated the 201st birthday of the flag made possible by the success of the Army.

2nd novel more human and mature

"HOW TO SAVE YOUR OWN LIFE"
By Erica Jong
Reviewed by Betty Richardson, Chairman SIUE Department of English

Apparently, the paperback edition of Erica Jong's second novel will be as popular as was her first, *Fear of Flying*. But these are quite different books. The first, of course, remains missing are much of the verbal wit, the brilliant organization — perhaps accidentally borrowed from Jane Eyre, and the cleverly interwoven literary borrowings and allusions. Instead, this second novel is a much looser, sadder and maturer work.

The Isadora Wing of *Fear of Flying* proved incapable of taking charge of her life. In a sense, she was a schneid — a splendidly portrayed character. A more mature Isadora is the narrator of this second work. She takes charge. And taking charge is always sad.

To see her life clearly and to control it, Isadora must shed her alibis, her excuses, her dependencies.

In short, the first book was a splendid novel — a kind of feminist Catch 22 or Tom Jones. A literary work, this novel is not nearly so splendid. But it is a more human, written by a more human person.

Allergies to be topic

Dr. L. B. O'Reilly, a health educator from the University of Illinois, will conduct a local homemaking leader seminar on "Allergies and Your Health" on June 7 at 9:30 a.m. at the Immanuel Methodist Church meeting room, 800 N. Main, Edwardsville. Quad-Cityans will attend.

O'Reilly will discuss antigen-antibody reactions, why some people are allergic and others not, substances known to cause allergies, common allergic reactions, and ways to respond to allergies.

This session is planned as a training meeting for 60 Homemakers Extension Association lay teachers, but anyone interested in attending may do so. The leaders will repeat the information in one-hour presentations for their units in July.

The meeting is sponsored by the University of Illinois Cooperative Extension Service as part of its adult education program in Madison County.

BREAK INTO HOME
A rear screen door to a porch was forced open at the home of Viola Hunter, 1917 Edwardsville Road, between 10 a.m. and 7:50 p.m. Saturday, although the door had been nailed shut. A door from the porch to a bedroom was then opened and left open. Nothing is known missing.

Gateway Academy graduates five

Five graduating seniors of Gateway Christian Academy, 2067 Benton St., received their diplomas and other students were presented honors during commencement exercises at the school during the weekend.

Students presented diplomas were Dianna Lynn Berrong, Timothy Paul Clark, Gary Wayne Crader, Cherry Lynn Painter and Kathy Elaine Rumpfelt.

The program was attended by 175 persons following a banquet for students of the school and their parents. Ninety-seven persons attended the dinner. Gateway Academy now has 40 students who include 30 junior high school and high school students, and 10 attending elementary grades.

Following the processional, prayer and congregational singing which opened the ceremonies, Scripture recitation was given by Kristi Gum, Greg Sipes and Kathy Rumpfelt and a poetry reading was given by Janet Rumpfelt.

Miss Rumpfelt recited "I Was There," a poem which she wrote and which placed second in a state competition.

Academic awards were presented by Supervisor Steven Hale and the commencement address was delivered by the Rev. Davis Kennedy, pastor of the Edgemont Bible Church and administrator of the Berean Christian School.

The Rev. Donald Clark, administrator and principal of Gateway Christian Academy, presented the diplomas to

In addition to Rev. Clark and Hale, staff members at the academy are Mrs. Onita Sipes, Mrs. Janet Gum, Mrs. Carolyn Schur, Miss Mary Robinson and Shirley Goodall.

Ponderosa to aid light fund

Ponderosa Steak House, 1511 Johnson Road, has agreed to have a Lighting Fund Day Saturday to raise funds for lighting the Ponderosa Road sports complex near Granite City High School.

For every meal served Saturday, Ponderosa will donate 50 cents to the lighting fund committee to be used for lights. "We are very happy with this generous offer from Ponderosa and hope the community will support us by visiting Ponderosa Saturday," GCHS South Principal James Dumont, chairman of the lighting fund committee, commented.

He said he hopes such an event will "start the ball rolling" for other Quad-City businesses to join in the effort to light the sports complex. He said businesses interested in discussing fund-raising ideas with the committee may contact Wade Rollins, project committee chairman, at 931-1243.

Registrations for classes start Monday

Registrations for learn-to-swim classes at Wilson Park pool in Granite City will begin this Monday, June 5 from 9 to 5 p.m.

There will be two boys sessions and two girls sessions of the classes. The first boys' session will be from June 12 to 23. The second will be from July 10 to 21. The first girls' session will be from June 26 until July 8 and the second will be July 24-Aug. 4.

The cost to residents with identification cards will be \$3.90. The fee for non-residents is \$7.50. Also, each child must pay a \$3 insurance fee.

Also, registrations will be taken for the adult swim program which is set to begin on June 12. From 11:30 a.m. until 12:30 p.m. each day, adults over 60 may swim free.

The mother-infant program will begin July 1 with the first session. The second session is set to start on Aug. 11. The sessions will be held daily from 11:30 until noon. Each child (7 or younger) will swim free if accompanied by someone 16 years of age or older.

ARREST ON WARRANT

Brian Grobolski, 3133 Aubrey Ave., was arrested last week on a felony warrant alleging unlawful delivery of cannabis. The warrant is the result of an undercover drug investigation by agents of the Metropolitan Enforcement Group of Southwestern Illinois (MEGS).

He said he hopes such an event will "start the ball rolling" for other Quad-City businesses to join in the effort to light the sports complex. He said businesses interested in discussing fund-raising ideas with the committee may contact Wade Rollins, project committee chairman, at 931-1243.

Car hits guardrail; 7-hurt

Seven persons were injured when the auto of Michael Cannon, 25, St. Louis, left the roadway on Interstate 270 at the Engineer Road overpass in Mitchell and struck a guardrail at 3:40 a.m. Wednesday.

Cannon and six passengers in his car were injured and four were taken by Granite City ambulance to St. Elizabeth Hospital where all were released after treatment.

Cannon suffered pain to his ribs, left ankle and foot and 4-year-old Danyelle Cannon suffered minor injuries. Lisa Moorman, 16, St. Louis, suffered a bump to her head and Rita Moorman, 16, St. Louis, had an abrasion to her right hip and pain to her back.

Minor injuries were reported by Linda Cannon, 27, Barbara Woodruff, 28, and Shawn Cannon, 6, all of St. Louis.

Large crowd gathers for Paddlers' opening

The twin-pool complex of Paddlers, Inc., 2121 Johnson Road, was the only local swimming pool to open for the 1978 summer season during the Memorial Day weekend, a traditional time for most swimming facilities to start operating.

Wilson Park pool still is scheduled to open at 1 p.m. Saturday, June 16.

Arlington Golf Club pool is expected to begin its season Saturday, June 3, according to authorities at the private club.

A large crowd gathered at Paddlers for a brief opening ceremony, with Mrs. Josie Diak, president of the Paddlers board of directors, welcoming members and guests.

She expressed appreciation to those who volunteered their help in getting the facility ready to open on schedule.

Don 3 cube of Pack 46, Namecki Den, under the direction of Don Mother Donna Lane, presented the colors and the National Anthem was played.

Board members present at the ceremony were Francis McBride, John Modica, Jerry Range, Vicki Jacobs, Glen Cornelison, Tom Bridick, Barb Burchler and Don Lane.

Pool Manager John Brooks and Assistant Manager Bill Batkey were introduced.

Staffing the facility this summer are Brian Ropae, Phil Beljanski, Terri Deterding, Lori Malotki, Scott Clement, Paul Willis, Vicki Guth, Lee Conrad, Dan Manogian, Mary Ann Garino, Mary Jo Hein, Robin Watson and Katie Becherer.

Mrs. Diak announced an adult hour will be observed from noon to 1 p.m. Monday through Friday, for adult members only for exercises, yoga and swimming.

Regular pool hours for all members are from 1 p.m. until 9 p.m. daily through Labor Day.

Paddlers is owned by families that have purchased stock and pay for upkeep and operating expenses through annual dues.

Mrs. Dorothy Gee succumbs

Mrs. Dorothy Lee (Murphy) Gee, 54, of 609 E. Main St., Arcola, Ill., died at 7 p.m.

STEREO STOLEN

A \$150 stereo was stolen from the home of Nettie Glaspie, 1305 Kirkpatrick Homes, between 11 p.m. Tuesday and 5:30 a.m. Wednesday, while the victim's 15-year-old daughter was asleep upstairs. Entry was believed gained by taking a dryer vent out of a window and reaching through the window to unlock a door.

Nurse pinning capping

Capping and pinning ceremonies for student nurses who are graduating this spring at Southern Illinois University at Edwardsville are scheduled Saturday, June 16, at 11 a.m. in the Communications Building theater.

Forty-four students will be honored. This is the largest group of nursing students to graduate from the university.

The ceremonies are sponsored by the Student Nurses Association (SNA) at SIUE.

Sister Maria Gotski, assistant dean in the School of Nursing, will be the keynote speaker at the ceremony. She is resigning her position at SIUE in June to continue her education.

Ruth Gredley, instructor in the School of Nursing and adviser to SNA, will pin the graduates.

Capping the students will be Margaret Chan, assistant professor in the School of Nursing.

The students will graduate from the university with a bachelor of science degree in nursing.

Graduates will include Laura Bernaia, Kathy Orborn and Karen Reynolds, all of Granite City, and Janet Stern of Madison.

Arrest boy, 17, on drug charge

Randy E. Ifland, 17, of 1607 Kirkpatrick Homes, was arrested at his home at 10:50 p.m. Wednesday on a warrant alleging two felony charges of possessing controlled substances.

The warrants were issued after the Madison County state's attorney's office approved the charges, which stem from a May 1 incident in the 1300 block of Kirkpatrick Homes.

Officers received a report of a man crawling a disturbance and allegedly found Ifland asleep on the ground. In his possession were two plastic bags containing 3 1/2 pills, it was alleged.

He was charged at that time with disorderly conduct and was released pending laboratory analysis of the pills.

Laboratory reports indicated the pills included two types of controlled drugs, leading to informational documents being issued by the state's attorney's office.

St. Peter's concert by Chorale June 15

The SIUE Concert Chorale will present its farewell concert of "Sacred Music of Europe and America" June 15 and 16 at 8 p.m.

The concert is the last the Chorale will perform before its month-long trip to Europe this summer. The performances will be presented at two locations: St. Peter's Evangelical United Church of Christ, 21st Street and Cleveland Blvd., Granite City, June 15, and Zion Lutheran Church in Belleville June 16.

Jim Parisi, American Guild of Organists award winner and an SIUE music student, will present an organ recital at 7:30 p.m. before each performance of the Chorale.

Mrs. Landwehrmire dies

Mrs. Hulda K. Landwehrmire, 72, Rural Route 2, Edwardsville, formerly of Granite City, died at 7:55 a.m. today at the Anna Henry Nursing Home in Edwardsville. She had been a patient there for two months.

Born at Peter Station, Madison County, Mrs. Landwehrmire resided in Granite City before moving to Edwardsville.

She was a member of the Eden United Church of Christ and belonged to the Royal Neighbors, Edwardsville Senior Citizen and the Madison County Retired Persons Association. Her husband, Fred Landwehrmire, died March 2, 1975.

Survivors include one son, Harold Landwehrmire of O'Fallon; a daughter, Mrs. Dennis (Harriet) Fagan of Woodstock, Ill.; three sisters, Mrs. Normal Darnell of Granite City, Mrs. Edna Cagle and Mrs. Hulda McGee, both of Addison, Ill.; two brothers, Roland Willie of Albuquerque, N.M., and Rudolph Willie of Chattanooga, Tenn.; and four grandchildren.

Funeral services will be held at 1:30 p.m. Saturday, June 3, at an Edwardsville funeral home. Burial will be in Sunset Hill Cemetery, Edwardsville Township.

GC boy, 3, still in coma

Michael DeAngelo, 3, of 1329a Madison Ave., remained in critical condition today in the intensive care unit of St. Louis Children's Hospital with no significant changes in his condition this week.

He has been in a coma since May 22 when he swallowed a substance containing mercury in the intensive care unit of St. Louis Children's Hospital with no significant changes in his condition this week.

The incident has led to an inquiry by the U.S. Food and Drug Administration why the substance has not been classified as very dangerous and its sale controlled.

The bottle which contained the compound did not carry warning labels or have a childproof cap, Michael's stepfather told reporters. He also said he was not warned how dangerous the material was when it was sold to him.

19 scholarship awards from GC Foundation

A total of 19 students from the two Granite City high schools received scholarship awards in the amount of \$600 each from the Granite City Scholarship Foundation, Inc., last week.

These scholarships were presented to graduating high school students in recognition assemblies held on May 23 at Granite City South and on May 24 at Granite City North.

W. W. Bright, president of the Foundation, explained to the students that recipients were chosen on the basis of financial need, scholastic achievement and the purpose in pursuing a college education.

He further encouraged graduates in the audience to give serious consideration to applying for scholarships next year.

A total of 14 students from South were awarded full \$600 scholarships and five students from North received \$600 scholarships. Below is a list of students who received the scholarships and the names of the representatives who awarded the scholarships at the respective recognition assemblies.

This year's foundation officers are Bright, president, Norman Garrett, vice-president, Charles King, recording secretary and corresponding secretary, and Robert Spengler, treasurer.

The Granite City Scholarship Foundation praised "persons, organizations, businesses and industries in this area for generous support and financial contributions that made it possible to award the scholarships this year."

Recipients and donors follow: Awards at Granite City South: Terry Angle, from Evers Shiller for Prairie Farms.

Sandy Cann from Lorraine Sedrak for Business and Professional Women.

Waste wood regarded as fuel source

A study of the use of waste wood as a potential energy source is one of the research projects which George Arnold, associate professor in the SIUE department of engineering and technology, will undertake during the summer.

SIUE and the Illinois Institute for Environmental Quality have entered into a \$2,000 contract, under the direction of Arnold, entitled "A Feasibility Assessment of Utilization of Waste Wood in Madison and Bond Counties."

"The principal problem is how to relieve the energy shortage by utilization of waste wood in a manner consistent with best conservation practices," Arnold said.

"We have all seen large quantities of woods destroyed just to get them out of the way. This situation is an effort to compensate for such wanton practices."

"I have been recommending wood stoves, reliably installed, for emergency heat for several years now. I'll be in contact with the public as much as possible throughout the summer, to receive any suggestions toward the utilization of waste wood."

CURRENT AT THEES CAUSING ACCIDENTS

As a result of numerous recent navigation accidents in the Thebes Railroad Bridge at mile 43.7, Upper Mississippi River, mariners are being urged to navigate that area with extreme caution. The "set" or "draft" of current may have changed from what operators have experienced in the past and several tows have struck the bridge piers recently.

Several barges have been sunk in the general vicinity below the bridge and the Coast Guard has marked those that still remain in sunken condition. Extreme caution is advised until these vessels can be removed, Lammett A. Buchholz, Acting Chief, Operations Division, St. Louis District, Army Corps of Engineers, said.

Vadalabene reports GC-SIUE bus plan

Initiation of an East St. Louis-Granite City-SIUE route in the Bi-State Transit System has been promised by the agency's board of directors, Senator Sam M. Vadalabene, Democrat-Edwardsville, announced Tuesday. The information came in a letter to Vadalabene from Barry M. Locke, executive director of the Bi-State Development Agency.

According to Locke, the new service was approved with the understanding that it would be planned with no more than a \$30,000 increase in operating cost, to be balanced by savings resulting from a change in the O'Fallon route.

"It is encouraging that Bi-State has seen the urgency of providing effective services in the area to be covered by this route," Vadalabene said. "This change shows a hoped for realignment of priorities, although there will be some problems to be ironed out."

"Particularly important to me is the impact that public transportation can have on the long-range economic development of the area," Vadalabene continued.

"While we are taking some important steps in upgrading roads in this district, it still

remains urgent to improve mass transportation as soon as possible.

"If Bi-State can show realistic commitment to the needs of the citizens on this side of the river, it will make my task of getting support from the state less difficult."

"Further, we have to consider the tremendous impact that regular service from a wide variety of points can have on the growth and strength of a great university we have built," Vadalabene observed.

"The strength of SIUE is tied to the economic improvement of the region it serves. If SIUE has to be looked on as a commuter campus — although it's truly more than that — it should at the very least have the kind of commuter service available to a campus such as Chicago Circle."

"In fact, the distances involved show that we made even better service."

"Bi-State has an important role to play and it will have to be a leadership role," Vadalabene concluded. "The citizens of this region will have to be solidly convinced that Bi-State is as sensitive to this as it is to St. Louis County."

Commencement at North Saturday

Three hundred and fifty graduating seniors of Granite City High School North are to receive their diplomas during commencement exercises at 8 p.m. Saturday in the Memorial Gymnasium on South campus.

The program will open with the processional by the Concert Band and the National Anthem presented by the Advanced Mixed Chorus and the Concert Band.

Invocation will be given by Marcy Bunch, student body president, followed by introductions by Gilbert Walmsley, North principal.

The Chorus, directed by Mrs. Gail Mueller, will present "Climb Every Mountain, and

the Concert Band will present "Festival" under direction of Robert D. Todoroff.

Walmsley will address the seniors and their guests, followed by an address by Bradley L. Gaus, administrator, and an address by Mark S. Thoeke, valedictorian.

The principal will present the class of B. J. Davis, superintendent of schools, who will, in turn, present the class to Donald Stucke, president of the Board of Education, who will present the diplomas.

Walmsley will give the benediction and the seniors, the band and the Chorus will join in "Alma Mater" to conclude the program.

School business officers honor Sen. Vadalabene

Ernie Banks, Chicago Cub star and baseball Hall of Famer, presented Senator Sam M. Vadalabene, with a "legislator of the year" award from the Illinois Association of School Business Officials at the

27th annual banquet of the group.

IASBO represents the chief business officers and controllers of the 1,000 school systems in Illinois.

"The award was in recognition of Vadalabene's sponsorship of past legislation as well as two current bills dealing with professional certification," A. Demore, the senator, represents this Illinois legislative district, the 36th.

"With our schools facing tremendous challenges, it is essential that the public be confident that all tax monies are fully accounted for," the senator responded.

With outstanding Air Force unit

Second Lieutenant Barbara W. Ratkiewicz, whose husband, Arthur, is the son of Mr. and Mrs. Anthony V. Ratkiewicz, 1606 Fifth St., Madison, is a member of an organization that has earned its sixth U.S. Air Force Outstanding Unit Award.

Lieutenant Ratkiewicz is chief of the technical writing section at Offutt AFB, Neb., with the 400th Aerospace Applications Group which was cited for meritorious service.

Members of the 400th will wear a distinctive ribbon to mark their affiliation with the unit.

The lieutenant, a 1970 graduate of Air Academy High School, U.S. Air Force Academy, Colo., received her B.A. degree in 1974 from Loretto Heights College, Denver, Colo., and was commissioned in 1976 through Officer Training School, Lackland AFB, Tex.

100-year family farm recognition

In today's world of modern machines and computers that do a myriad of work for those involved in agriculture, many Quad-Cityans believe it is good to find that the family farm is alive and still functioning to produce food for the world.

Several families from Madison County, Jersey County and Bond County were honored in May by the presentation of Illinois Centennial Farm signs and certificates.

The two farm families from Madison County were Mr. and Mrs. Maynard Schock of St. Jacob and Mr. and Mrs. Carl Eckart of Collinsville.

The families from Jersey County cited were Mr. and Mrs. Clayton Powell of Medora and Mr. and Mrs. Robert J. Rue of Jerseyville. A fifth family to receive the award was that of Mr. and Mrs. Denny Donnell of Greenville in Bond County.

All five families have maintained family ownership of the farm for the last 100 years or more. The signs and certificates are part of a program administered by the Illinois Department of Agriculture.

The signs presented are heavy aluminum and reflectorized and show an Illinois Agriculture Products logo. Wayne Wilde of the Illinois Department of Agriculture presented the signs to the families.

Those interested in obtaining an Illinois Centennial Farm sign for their farm may contact the Illinois Department of Agriculture in Springfield.

Crossing street, hit by an auto

Leonard Giles, 26, of 2417 Wilson Ave., was injured when he was struck by a car on 27th Street east of Madison Avenue at 8:05 p.m. Sunday.

Witnesses said Giles stopped his car in the traffic lane facing Madison Avenue and got out, walking toward Burger Chef Restaurant. He walked between two moving eastbound autos and was struck by the car of

Ralph Doolittle, 2131 Monroe St., police were told.

He was taken by Granite City ambulance to St. Elizabeth Hospital where he was treated for abrasions to his forehead, nose, right thumb and left shoulder, a nosebleed and possible internal injuries. X-rays were taken and he was admitted.

'Matchmaker' June 1 to 4

The department of theater and dance at Southern Illinois University at Edwardsville will present Thornton Wilder's comedy, "The Matchmaker," beginning June 1. "The Matchmaker" is the play that the Broadway and film production, "Hello Dolly" is based upon.

Performances will be held in the Communications Building theater June 1, 2 and 3 at 8:15 p.m. and June 4 at 2:30 p.m. The play takes place in Yonkers and New York City during spring in the 1890s and involves the antics of Dolly Levi, a matchmaker.

THEFT FROM AUTO

A combination radio and tape player valued at \$154, a \$50 CB radio and a \$25 antenna were stolen from the auto of Richard Rozarth, St. Louis, parked at Rico's II Lounge, 3875 Nameoki Road, between 8 p.m. Sunday and 1:30 a.m. Monday. The car's left rear window was broken to gain entry.

Loot 2 vehicles

Two vehicles on the parking lot of American Steel Foundries, Niedringhaus Avenue and Walnut Street, were broken into and looted, it was discovered at 7:10 a.m. Saturday. An in-dash combination radio and tape player worth \$110, and

about five tape recordings valued at \$30 were taken from the cab of the truck of Phillip White, 208 Granville St., Venice. A tool box and about \$200 worth of tools were taken from the truck's bed. An in-dash combination radio and tape player was taken from the van of Larry McMichael, Troy, after a wing window was broken.

MOTORCYCLIST HURT

Kevin Krug, 2406 Illinois Ave., was injured in a motorcycle accident and was treated at 7:25 p.m. Saturday at St. Elizabeth Hospital before being transferred to Firmin Desloge Hospital, St. Louis, with head injuries. He also suffered abrasions to his right temple, right shoulder and right wrist.

Arrest 2 boys in car theft, burglary

Two Granite City boys, ages 15 and 16, were taken into custody in a stolen car by Fifth District St. Louis police Monday

and face possible juvenile court charges. Officers said the boys were arrested and a check showed the car belonged to Howard Paschedag, 2349 O'Hare Ave., and the license plates were issued to Leroy Bell, 2945 Oregon Ave.

Both men were contacted and Paschedag said his car was stolen during a burglary of his home he had not yet reported to police. Bell said he did not know his license plates had been taken and when he checked his car, he found that Paschedag's license plates had been placed on his car and his plates were missing.

Paschedag noted numerous items were missing from his home and St. Louis police said most of the loot was recovered in his car. Recovered were watches, jewelry, two cameras, two guitars, a decanter, tools, several bottles of liquor and a .32 caliber revolver.

Also found in the car were items Paschedag said were not his, including clothing, an Air Force ring, a belt buckle, two boxes of bullets, pots and pans and other liquor.

At Paschedag's home, it was discovered a stereo, speakers, and a portable television set had been moved near the door to the garage, but were not taken. A screen to a garage door was torn, but there were indications a key may have been used to gain entry to the garage and from the attached garage to the kitchen, police said. Every room in the house was ransacked.

Paschedag then went to St. Louis to recover his auto and found extensive damage to the right front of the car. A new tire and wheel was removed from the right rear and were replaced by the spare tire, he said.

HIT WITH A BOTTLE

Gerald Stafford, 16, of 2123 Nevada St., suffered a broken nose when he was struck by a soda bottle during a disturbance on West 21st Street at 3:15 a.m. Saturday. He was admitted to St. Elizabeth Hospital for surgery.

Housewives giving roses to legislators

Housewives for ERA from Illinois, with representatives from several states, are holding their second annual "Roses Day" today at the state capital in Springfield.

They plan to deliver pink roses to legislators with the message: "We are women, we are feminine. The Equal Rights Amendment will not change that, but it will grant women some basic rights that laws in many states now deny them."

Governor James Thompson also will receive roses in appreciation of his support for the amendment.

At 11 a.m., leaders of Housewives for ERA met in the pressroom in the mezzanine of the Capitol for a press conference to explain the events of the day.

In addition to delivering roses to legislators, the housewives are meeting to elect both state and national officers.

"In the past we have been primarily an Illinois organization," explained Anne Follis of Urbana, the group's president for two years.

"But in the last year, we've

started chapters in several states, and this will be the official beginning of Housewives for ERA as a national organization."

This afternoon, the group will view the film, "A Simple Matter of Justice," starring Jean Stapleton of "All in the Family" fame.

The film centers on the International Women's Year Conference in Houston last November. It features Roberta Johnson, treasurer of Housewives for ERA, a Champaign housewife who was a delegate to Houston.

"I feel that being a wife, mother and homemaker is the most important job in the world, and should be recognized under the law as full partnership in marriage," said Mrs. Johnson.

"I resent the charges of the opponents that ERA supporters are man-hating, child-hating, family-destroying non-women."

"It is because of our deep commitment to our families that we are willing to work so hard to get this measure passed. Our children will thank us."

Document charges burglary

Jack R. Windle, 18, St. Louis, was charged with burglary in an information document issued by the Madison County state's attorney's office Wednesday.

Windle allegedly was burglarizing a van in the Granite City Steel Plant Street parking lot when seen by steel company guards at 2:45 a.m. Tuesday, according to police reports.

A tool box and tools, a torch and tanks on a wheeled cart, with gauges and hoses, a meter and case, a flashlight and an extension cord, all valued at

Mrs. Ora Taylor rites Sunday

Funeral services will be held at 7:30 p.m. Sunday at Southern Missionary Baptist Church, Madison, for Mrs. Ora Taylor, 82, of 912 Webster St., Madison.

Mrs. Taylor died at 3:35 a.m. Wednesday at Christian Welfare Hospital, East St. Louis, following a long illness. She was a patient at the hospital five days.

She is survived by two sons, Alonzo Taylor of Peoria and Roosevelt Taylor of Madison; three daughters, Mrs. Frankie Mae Watts of Madison, Mrs. Dorothy Littlejohn of East St. Louis and Miss Arletha Taylor of Madison.

Also one brother, Benjamin Joyner of Toledo, Ohio, and two sisters, Mrs. Anna Mae Bailey of Toledo, Ohio, and Mrs. Estella Bailey of Rockford, Ohio; seven grandchildren, seven great-grandchildren and 17 great-great-grandchildren.

Burial will be in Sunset Gardens Cemetery, East St. Louis.

Boy, 16, hit by car at work

Eugene Hatfield, 16, of 2558 Iowa St., was injured when he was struck by a car while working at Oonk's Package Liquors, 26th Street and Madison Avenue, early this week.

The auto of Martin Reeves, Whittington, Ill., entered the drive-through area and the accelerator stuck, causing the car to lurch forward into Hatfield, who was waiting on drivers, police were told.

Hatfield was taken by Granite City ambulance to St. Elizabeth Hospital where he was treated for pain to his right thigh and leg. X-rays were taken and he was released.

OLDEST PATIENT. Al Wilhelmy, 89, accepts a planter from Linda Brown, nurse aide, and St. Elizabeth Hospital President Sister Mary Thomas, at far right. Wilhelmy received the gift during National Hospital Week.

Driver injured

John Andrew Schelin, 26, St. Louis, was injured when his auto, leaving westbound Interstate 270 on the exit ramp for southbound Route 200, failed to negotiate the turn, crossed to the entrance ramp and then rolled down an embankment early this week.

The auto was passing another vehicle, went out of control, left the roadway, struck the guardrail and slid on it before catching fire.

The Long Lake Fire Department extinguished the blaze. Wagner and two passengers escaped the vehicle with minor injuries. Passengers were Charles Davis, 17, of 144 Holiday Mobile Home Park, and Joseph Loggrosso, 16, of 128 Holiday Mobile Home Park.

Three hurt in Rt. 111 crash

Three persons were injured when the auto of James Wagner, 18, Edwardsville, hit a guardrail along Route 111 about 1,000 feet north of the Terminal Railroad overpass early this week.

The auto was passing another vehicle, went out of control, left the roadway, struck the guardrail and slid on it before catching fire.

Creek levee is proposed

An application for a construction permit has been received by the Division of Water Resources, the Illinois Department of Transportation has announced.

All persons either favoring or opposing the proposed construction are to transmit written statements to the Division of Water Resources, 2300 S. Dirksen Parkway, Room 200, Springfield, Ill. 62764.

Nab parolee

Granite City police have discovered that a man they arrested recently on warrants for Missouri actually had been living in Granite City under the false name seven years.

The 51-year-old man was arrested after allegedly threatening to shoot a black man in a restaurant, and police began checking his background to find there was no record of his birth or previous arrest, other than a traffic ticket about one year earlier.

They investigated and found the man's fingerprints matched fingerprints on file in the Alton Police Department for a man who was wanted in Missouri for a parole violation.

Detectives sent to Missouri correctional authorities for a wanted poster on the parole violator and received a poster with his photograph on it. The man was shown the wanted poster and immediately confessed his true identity.

It was discovered that the man had been sentenced to life imprisonment for murder in Missouri and was paroled after about 13 years behind bars.

He was granted parole board permission for moves to Texas and then to Paris, Tenn., where he said he got into a fight after a traffic accident.

Knowing that an arrest for the fight would mean he would be returned to the penitentiary in Missouri, he fled from Tennessee.

The man told police he then lived briefly in several areas before coming to Granite City about 1970. He selected the name of a playwright whose work he used to read in prison and applied by mail for a social security card, receiving one back in the mail in this new name.

After receiving the social security card, he tested for a chauffeur's license and

received one. He went to work as a laborer, working on loading docks and other jobs.

Since he had been a tractor-trailer driver before his arrest in Missouri, he sometimes drove trucks, but never registered for a permanent driving job, since all of the motor carriers require their employees to be fingerprinted and he felt being fingerprinted would give him away.

He got married, but they later separated. His wife said he was a nice person, except when he had been drinking, and would "go wild" when intoxicated, she told detectives.

She said he told her he had served time in a penitentiary, but refused to tell her what his crime was. She also said she thought he was a free man, did not know he was wanted and did not know his real name.

In February of 1977, he was arrested for speeding, but was released after paying a fine, since a routine check of his assumed name showed he was not wanted for anything.

He would probably still be free, except one night recently he and a friend went drinking and he became intoxicated. The men had a disagreement with a black man in a restaurant and one of them went to get a gun, saying they were going to kill the man.

Police arrested one inside the restaurant and one near his car, which contained a loaded gun, later found to have been stolen during a burglary in Jackson, Miss.

The man told police he had purchased the gun from a trucker in a local truck stop. Missouri officials were notified when his true identity was determined and he since has been taken back to Missouri on a charge of violating the terms of his parole.

'Medically necessary' abortions are being paid

The U.S. District Court at Springfield has enjoined the Illinois Department of Public Aid from enforcing the payment limitations of the state abortion law passed in the last session.

This law prohibited the department from paying for abortions unless they were necessary to save the mother's life.

Under this latest court ruling, the department must pay for all "medically necessary" abor-

tions even if the mother's life is in no immediate danger.

The department is appealing this ruling to the U.S. Court of Appeals for the 7th Circuit and requesting that the effect of the injunction be "stayed," a spokesman said today.

Unless or until the stay is granted, the department will pay for medically necessary abortions performed on or after May 19.

Camping holiday for handicapped

Five local organizations will help the Parents for Special Education group send handicapped children to summer camp and youthful athletes to the Special Olympics state finals at Illinois State University at Bloomington-Normal.

Granite City Breakfast Kiwanis Club has donated \$600 to Parents of Special Education, which will select four handicapped youngsters to attend a one-week camping program at Little Grassy Lake, near Carbondale, from June 25 to July 1.

Money in excess of camping expenses will aid the parents' group transport the children to Little Grassy Lake.

The annual summer camp is directed by personnel from Southern Illinois University at Carbondale, under the leadership of Dwayne Murphy. Mrs. Lily Chabouda of the

Granite City Crippled Children's Society announced a \$200 check has been donated to the Special Olympics transportation fund to help with expenses for 35 handicapped children from this area to compete in the state finals.

Those qualifying in a regional contest at SIUE will take part in the state meet June 2 and 3.

The money was presented by Mrs. Gertrude Luebke to Mary Ruth Snelson of the Special

Education group.

The Crippled Children's Society has contributed funds to the Special Olympics for the past several years.

The Granite City Business and Professional Women's Club will sponsor two handicapped youngsters to Little Giant Youth Camp at Little Grassy Lake for a one-week stay this summer.

A check to most expenses of the camping trip recently was authorized by club members.

The local Business women's club also has donated bowling shirts to 40 members of a Special Education tournament bowling team from this area, it was announced.

Members of Veterans of Foreign Wars Post 1300 also will send a handicapped child from Granite City to a one-week summer camp at Little Grassy Lake.

Cost of the camp is \$96 per child and the selection of children is made with assistance of Special Education teachers.

Corn or beans?

By RON CORNWELL
Madison County
Agricultural Adviser
Gary Pepper, University of
Illinois Extension agronomist,
believes that farmers lose
approximately 1/4 to one percent
of their potential corn yield
each day planting is delayed
during May.
Producers should stay with
full and mid-season corn
varieties as long as possible.
The yield potential of the early

varieties is less than the longer
season varieties.
Barry Jacobsen, U. of I. plant
pathologist, says some early
season varieties don't have the
disease resistance of the full
and mid-season corn varieties.
Steer away from varieties
susceptible to Stewart's Wilt and
Southern Corn Leaf Blight.
Pepper recommends June 10
as the time to sit down and
evaluate if a switch should be
made from corn to soybeans.

Economics will determine if
and when a farmer considers
switching crop acreage from
corn to soybeans.
Royce Hinton, U. of I.
economist, gives the following
suggestions to help producers
decide if and when a switch
should be made:
(1) Estimate expected
soybean yield assuming normal
growing conditions.
(2) Determine expected
market prices for both corn and
soybeans.
(3) Determine the added cost
of raising corn and soybeans.
Estimate the extra cost of

producing an acre of corn
compared with soybeans. These
extra costs normally run from
\$20 to \$40 an acre, with most of
the added cost coming from
nitrogen fertilizer cost, plus
harvesting and drying the corn
crop.
Using this information, you
can determine which crop will
be more profitable in your
situation. In general, if you can
raise 35 bushels of soybeans it
will take 100 bushels of corn to
provide equal returns.
+++
Phytophthora root rot could
be a problem in soybeans this

year. Root rot is most common
in poorly drained fields or
where there are continued wet
conditions.
There are many root rot
resistant varieties available.
Jacobson reports that
phytophthora damage has been
found on resistant varieties in
northeast and east central
Illinois. The damage is due to
new races of the phytophthora
fungus.
Presently, resistant varieties
are primarily resistant to races
1 and 2. Damage on these
varieties involves one or more
of the other seven races.

Races 3 and 5 seem to be the
most common new races in
Illinois.
Collard, Clark 63, Cutler 71,
Wayne, Williams and Eood-
worth show tolerance to the new
races. If damage has been noted
on a variety in a particular
field, plant one of the other
tolerant varieties.
While the varieties mentioned
above are tolerant, they are not
immune to root rot. The losses,
however, will be less than
among susceptible varieties.
Improving soil drainage helps
control the root rot, since the
fungus is a water mold and

requires water saturated soils
to complete the disease cycle.
Tillage also may help reduce
disease buildup.
Research suggests that the
disease is more severe in a no-
till seed bed than in one
prepared with conventional
techniques.

The ten highest producing
dairy herds in Madison County
in April are owned by Marvin

Stille, Granada, Becker Farms,
Wilkinson Dairy Farm, Henry
Zoeller, Waldo Keilbach, Down-
A-Lane, E. Bertel, George
Daiber and Harold Ernst.
The herd of Marvin Stille was
high for the month with 1.90
pounds of butterfat per cow per
day.
The Stille herd of 43 cows
averaged 51.7 pounds milk per
cow per day with an average
butterfat test of 3.87.

Pontoon Lions attend Illinois convention

A total of 17 Pontoon Beach
Lions, Lionesses and Leo-
Explorers attended the 58th
Lions of Illinois State Con-
vention held at Holiday Inn-
East in Springfield during the
weekend.
The convention was the
largest ever held with more
than 3,000 delegates, Lions,
Lionesses, Leos, and guests in
attendance from the entire
state.
Third Vice-President of Lions
International Association
William C. Chandler, Mon-
gomery, Ala., and Inter-
national Director Milton H.
Tuttle, Des Plaines, Ill., Lions
Club were the main speakers.
Past Lions International
Presidents Johnny Balbo (1974-
75), from the LaGrange, Ill.
Lions Club, and Edgar M.
Elbert (1952-53) of Maywood,
Ill., Lions Club were honored
guests.
The conventioners were
entertained by the Illinois Lions
All-State Band, which is
sponsored by the Illinois Lions
for high school students across
the state; the Tiskilwa, Ill.,
High School All-Stars singing
group, and the Don Les Har-
monies.
Besides regular Lions state
business, forums and programs
were held for the Lionesses and
the Leos.

Kelly, Judy Waston, Pat
Riskovsky and Nancy Goodwin.
Members of the Pontoon
Beach Leo-Explorer Club were:
Secretary Leesa Denham,
Treasurer Delora Heberlein,
Jimmy White, Chuck Sze-
zepanski and adult Associate
Adviser Miss Debbie Holt.

GI Bill school deadline near

"As the average age of
veterans from the Vietnam War
nears 33, it becomes more
evident that those veterans who
wish to use their GI Bill
educational benefits must do so
quickly or their 10-year limit
from date of discharge will soon
expire," Vern Rogers of the
Veterans Administration said
today.
In Illinois, 49.4 percent of the
416,000 eligible veterans from
Vietnam and the postwar period
have used their benefits. This is
below the national average.
"Many factors are involved in
why different states have
higher or lower participation.
However, the VA will endeavor
to get the word out effectively
this summer in a concentrated
effort to call attention to the
benefits of the GI Bill," Rogers
added.

Cougars close season

By JERRY DEVANY
LAKELAND, Fla. — The Southern Illinois University at Edwardsville golf team tied for 13th place in the NCAA Division II Golf Championships. Playing at Lone Palm Country Club in Lakeland, Fla., the Cougars could not recover from a horrible first round effort. The SIUE team was in 19th place (20 teams) after the initial 18 holes.

After the first round, the Cougars trailed U. of Arkansas at Little Rock by 26 strokes, 317 to 291. Tim Gehrig was the lone Cougar golfer to break 80. Gehrig had a 77. Les Agne, Guy Gehrig and Dave Dean shot 80, and Mark Hofstetter posted an 84.

Second day action saw the Cougars improve and move up to 16th place as they shot a more competitive score of 302. Troy State U. (Ala.), last year's champion, took over the top spot with a 36-hole score of 386.

SIUE's total was now 619. Leading SIUE was Agne, who fired a one-over-par 73 for a total of 153 but still trailed Gehrig, who had 75 for a 152 total. Phillips had a 77 for a 157 total. Dean 79 for a 159, and Hofstetter stroked 77 for a 161 total.

In the third round, which is the tourney's toughest because of the pin placement and less being moved back, SIUE shot the third best score of the day as the Cougars fired a 301. Only one team broke 300 and that was Rollins College, 295, tying them with Troy State. Those two schools' three-day total was 889.

Columbus (Ga.) College was only a shot back at 890. SIUE moved into better contention for a place in the top ten as the Cougars' total for 54 holes was 920.

Agne shot the Cougars' best round as the Belleville native fired a brilliant one-under-par 71 to take over the Cougar team lead. He also moved into 23rd place overall with this 224 score after 54 holes. Gehrig trailed Les by three shots at 227, and Phillips were tied at 232, good for 34th.

Phillips was next for the Cougars as the Belleville ace shot rounds of 80-79-73 (309) that tied him for the 64th position. Tying for the 87th spot was Deane of Edwardsville and Hofstetter of Springfield as they totaled 314. Dave's rounds were 80-79-77-78, and Mark had 84-77-75-75.

Last year, Agne was named to the honorable mention team. This year he made All-American. Before the finals started, Agne led the Cougars with a 74.30 average.

Gehrig was not far behind Agne, as Tim shot an average of 74.91 in 23 rounds of golf this spring. Dean was next with a 75.36 average. Hofstetter had a 76.75 average.

Hofstetter was at 239. SIUE then made a valiant attempt to crack the top ten as the Cougars shot their best round in Florida — a 290. But the Cougars fell four shots short as Southeast Louisiana U. held down the number 10 spot with a 1,213 to SIUE's 1,218 total. Cougar scoring on the last day was what Coach Harry Gallatin had hoped for throughout the tournament. Agne and Phillips each had 73s, Gehrig and Hofstetter fired 75s and Dean posted a 78.

With their 1,216 total, the Cougars tied for 13th with the opening round leader, U. of Arkansas at Little Rock. The Cougars did finish on top of the team title was Columbus College. Leading them to the title was Tom Brannen, who fired a magnificent final round of 65 for a 72-hole total of 282.

Agne received All-American status as he tied for 15th place with a 297. Agne had rounds of 80-79-73-78. Gehrig, of Highland, was named to the honorable mention All-American team. He finished with a 302, which was 34th overall. Tim shot rounds of 77-75-75-75.

Phillips was next for the Cougars as the Belleville ace shot rounds of 80-79-73 (309) that tied him for the 64th position. Tying for the 87th spot was Deane of Edwardsville and Hofstetter of Springfield as they totaled 314. Dave's rounds were 80-79-77-78, and Mark had 84-77-75-75.

76.08, and Phillips recorded a 78.72 stroke average.

Other Cougar golfers who did not participate in the tournament were Steve Gower with a 78.69 average, Jim Russell, 79.06, and Stan Samoske, 81.30.

The Cougars, who never lost to an NCAA Division II opponent this year, will return everyone next year. This has to be one of Coach Gallatin's finest teams in his short but productive years here at SIUE. Even though the Cougars placed higher (ninth) in last year's finals, they never gave up. They improved their scores in each of the following rounds by bettering their scores from the day before.

GRANITE CITY — Don "Big Daddy" Garlits will headline a group of nationally-known drag racers who will be here this weekend for the Gateway Nationals at St. Louis International Raceway, located at 1-270 and Illinois Route 202 near Granite City.

Crestwood rallies in sixth to defeat Tri-City 113, 6-4

By PETE HAYES
Press-Record Sports Editor

GRANITE CITY — Crestwood (Mo.) Post 74 rallied with five runs in the sixth inning here last night to grab a 6-4 victory over Tri-City Post 113 in the first American Legion baseball game of the season at Granite City South High School Field.

"We just wanted to look at a few of the players we haven't used in the past," said Tri-City Coach Conrad "Babe" Champion. "I'm not making any excuses, though."

Crestwood was doing the same thing. They have a well-rounded ball club.

THROUGH the first four innings, things appeared to indicate a Tri-City rout of its Missouri opponents.

In the second inning, Tri-City erupted for four runs on only one hit and some fifty huge running.

John Kreckovich and Mike Clark opened the inning with walks. After centerfielder Joe Parente struck out, Danny Schaus ripped a single to centerfield. Kreckovich attempted to score on the play, and was safe at home on the play at the plate.

Jim Thurman then reached base on an error by the

Press-Record Sports

Page 12 Thurs., June 1, 1978

Crestwood shortstop, Tom Meagher, Clark, who had gone to third on the earlier throw to the plate scored making it 2-0.

SHORTSTOP Tom Henrich then slammed a single to right-centerfield scoring both Schaus and Thurman, making it 4-0.

There may have been an indication that the tide was turning in the bottom of the fourth inning. Four men were left on by Tri-City in that inning without a run crossing the plate.

Crestwood managed to pull within three runs in the fifth when second baseman Tom Mach doubled with two out and scored when Jeff Herbert ripped a Mike DeGonia fastball for a single.

BUT the deluge came in the sixth. Crestwood sent 10 men to the plate and pounded out four hits to take the lead.

John Mosier opened the inning for Crestwood with a walk. That was followed by a Jim

Repp single. Crestwood left-fielder Rick Paulsen then singled to left, scoring Mosier.

CRESTWOOD designated batter then lofted a fly ball to leftfield which was caught by Kreckovich for the first out of the inning. But he made a bad throw into the infield, which allowed Repp to score.

John Ferris then hit a single up the middle for Crestwood, which scored Paulsen, tying the game for the Missourians. Al Bouk was then hit by a DeGonia pitch. After Mach walked, to load the bases, Jeff Herbert ripped a Mike DeGonia fastball for a single.

THAT was the end of the game for DeGonia. Champion lifted him from the mound and sent in Al Yount as the fourth Tri-City pitcher of the game. But the damage was already done.

"There were a few of these guys who haven't seen a baseball in about a year," said Champion. "These early games are going to be used to sort through all the players we have and make decisions as to who will play where this season."

Tim Kirksey started on the mound for Tri-City. He went two innings and was relieved by Jeff Tretter, who pitched two innings. DeGonia came on in the fifth inning and Yount finished up.

"We wanted to use four pitchers and we got to," said Champion. "That's the most important thing to us at this point... to get a look at players."

FOR THREE HOURS preceding last night's game, many members of the team found themselves behind lawnmowers in the outfield. "What with the South graduation this Friday, the custodial staff has been busy getting the football field into shape and setting up for it. So we had to mow the field by hand with foot power."

Next weekend, Champion has lined up two more doubleheaders for his squad. Kankakee comes here at 11 a.m. Saturday and Chatham-Glenwood (Springfield) will be here Sunday at 1 p.m.

"We've lined up these non-league games as an exhibition season," said Champion. "When we start our regular season on June 12, we'll be playing almost every day."

"We've got a lot of work to do."

An encore?

Tri-City Coach Babe Champion says it's too early to tell if his club can duplicate last season's success

By PETE HAYES
Press-Record Sports Editor

GRANITE CITY — Babe Champion wasn't at all distraught. Even though his Tri-City Post 113 American Legion baseball team had just dropped its first game of the season 6-4 to Crestwood Post 74, he seemed like a man pleased with what he had seen.

"It's never good to lose," said Champion. "But all we really want from these early-season games is to get a look at some of the players we haven't seen play too much before."

CHAMPION got his wish. "Everybody got in," he said. "And that's the important thing right now. We've got two doubleheaders this weekend, and we'll be seeing the same thing in... seeing who can do what and where they can do it."

Tri-City has a 1:30 p.m.

doubleheader at home (Granite City South High School Field) and travels to Paducah, Ky., Sunday for another doubleheader.

But what can Champion do for an encore? Last season his club had a record of 38-10 and finished second in the state Legion tournament to Arlington Heights.

WE'RE going to be a little different ball club this season," he said. "We won't have as much muscle at the plate, but our base running should be a little better than it was last season, so that should make up for it."

Gone from last season's club are pitchers Paul Evans, Jim Govey, John Lakin and Doug Rains. Also gone is third baseman Eldon Warfield.

"We'll miss Eldon's glove down at third, no doubt about it," said Champion. "That's not

to put down anyone we have this season. It just says a lot for Eldon."

WARFIELD saw action for the Southern Illinois University at Edwardsville varsity squad this past season and is assisting Kirk Champion (Babe's son) in coaching the bases for Post 113 this season.

"Our starting pitching is mostly untested," said Champion. "Evans and Lakin are gone and we've got to work hard to make up for their absence. But I think we're going to be alright."

Champion voiced a little concern over his team's inability to get together all at one time for practice sessions.

"These guys have to practice at their own homes and on their own. Many of them have jobs, others have been in school... it's almost impossible to get everybody together for a regular practice. But it's always been

GENE SNOW'S "SNOW MAN"

YMCA drowning facts

In recent years, drownings have become the third leading cause of accidental deaths in the United States. Drownings occur everywhere—at home, at work, in motor vehicle accidents, as well as in recreational activities.

Annual drownings have increased over the years from about 6,500 in 1960 to a present level of more than 7,300. Most of the increase has come from boating activities. The death rate from drownings is now about 3.6 per 100,000 of population and the leading cause of drownings (about 2-3) is not knowing how to swim.

MORE than 60 percent of drowning victims are under 25 years of age. NEARLY one-third are teenagers, 15 to 19. MALES make up 85 percent of the victims.

JULY is the peak month, accounting for 20 percent of all drownings; 50 percent during June through August. WEEKENDS (Sat. & Sun.) account for 40 percent of drownings.

ABOUT two-thirds of drowning victims don't know how to swim. NEARLY half of the victims

are alone at the time of drowning. THREE-FOURTHS of boating drownings result from capsizing or falling overboard. Factors in boating accidents include overloading and improper loading and ignoring bad weather warnings.

Here are the YMCA's ten basic rules for waterfront safety. They might save your life or the lives of your loved ones. Be particularly sure your children know them by heart and appreciate their importance.

Suggestion: Use them in making a poster to be prominently displayed at your camp, summer home, or home pool.

1. Never go swimming alone. If you do, there will be no one to help if you get into trouble.

2. Never go swimming at an unguarded spot. Docks, piers, and river banks are dangerous places to swim.

3. Never dive into strange water. You might hit your head on the bottom or get caught in debris.

4. Don't show off in the water. "Showoffs" cause many fatal accidents every year.

5. Don't attempt a rescue unless you are a strong swimmer. You are only likely to get into trouble if you do.

6. Cool off before plunging into water. Cramps or heart failure may be brought on by sudden changes in temperature.

7. If you can't swim stay out of small boats. Never go out in a canoe or rowboat unless you can swim to shore or are wearing a flotation device.

8. Pay strict attention to warning signals. They were put there for your protection.

9. Race toward the shore, not away from it. When swimming "go out like a lamb and back like a lion."

10. Know your limitations. Don't go beyond your limits just because someone dares you.

YMCA summer camp schedule released

The Tri-City Area YMCA will launch its first year of Day Camping at Tower Lake at Southern Illinois University at Edwardsville on June 12, YMCA Physical Director Ed Mercer announced today.

YMCA Camp Adventure offers activities such as daily instructional and recreational swimming, canoeing, camp crafts, ecology, hiking, sports, Indian lore, special excursions, and much more to boys and girls ages 6 to 12.

Parents can register their children for one or more of the camp's five sessions at the "Y" at 2001 Edison Avenue. Each session lasts two weeks. The "Y" will bus campers to and from the campsite.

Each year over one-and-a-quarter million people attended "Y" camps alone. "When you consider that the American Camping Association lists some 3,000 accredited camps in the United States, and that there are a number of non-accredited camps as well, the number of yearly campers reaches rather astronomical proportions," Mercer said.

Mercer suggested that parents wishing information on

Good memories...

By PETE HAYES
Press-Record Sports Editor

GRANITE CITY — When Granite City's school open their doors next fall, there'll be one familiar face missing from the scene. A VERY familiar one. Barbara Kerch, the girls' physical education coordinator for the Granite City high schools and junior highs, is retiring this spring after 44 years of teaching, 26 years of which have been spent in "various shapes and forms" of her present position.

During her 44 years of teaching, Kerch has seen many changes in not only the way education is handled, but also in the way women's sports are viewed.

Does she have any regrets? "NONE, absolutely none," said Kerch. "I've had just a tremendous time and never felt like I was going to work a day in my life."

That says a lot. Kerch has seen women's sports come from an almost non-entity to equality with boys' athletics, as a result of the Title IX legislation which states that girls and boys must be given equal opportunity in everything.

"Women's sports have grown many hats," said Kerch. "It's difficult to say which form has been the best."

"I GUESS it all depends on where your priorities lie. I think

Retiring Granite City girls' athletic coordinator Barbara Kerch never felt like she went to work a day in her life

that back in the forties, fifties and sixties, when we had the GAA (Girls' Athletic Association) many young kids had an opportunity to participate.

"We used to have as many as 200 kids a night at some of our activities. We had about 14 to 15 different activities going on during a school year."

"Now the girls get the recognition a little more, but fewer girls can play and therefore, less get the education that can be derived from competition."

KERCH said that since she started some 44 years ago, Granite City has since developed a tremendous physical education and recreation program. They didn't have that when I started, she said. Now with the inter-scholastic competition with girls, perhaps the park program will have to take in the girls who don't get a chance to play."

KERCH said the year 1973 was a very important one for her position. "Three things happened that year which left a lasting impression on the way kids will be brought up in Granite City from now on," she said. "We split into two high schools, took the ninth graders out of the junior highs and put them back into the high schools,

and Title IX went into effect." Kerch said that her main function is not that of an athletic coordinator. "I'm a physical education teacher first and foremost," she said. "That encompasses all kids and gives everyone a chance to participate."

"My feeling is that we should let everyone have their chance and THEN take care of the gifted students later."

WHEN Kerch retires, no one will take her place. As of next school year, all athletics-girls or boys—will be handled from the same office. There will be no separate office for girls.

KERCH said there isn't one single outstanding memory she has of her years in the Granite City School District. "It's a conglomeration of many, many memories," she said. "Of course, the thing that sticks out most is the tremendous teachers we have in this city. They all take a very special interest in their students and cooperate quite well."

AS FAR as Title IX is concerned, Kerch said: "I'm for equality. But not for the same. That is, I don't think the Congress can ever legislate that men and women are the same. They're just not."

"I feel that Granite City in particular has been forced to

make some changes that are not in the best interest of the kids," she said. "I'm not convinced the girls are better off now than they were."

Looking back to when she was a child, Kerch remembers the physical education program in Granite City's schools then. "Even then, we had a physical education teacher who came around to our grade school, which was quite a lot for back then."

"IN JUNIOR HIGH, I remember one day we were in a basketball tournament in old Shurtleff Gym. We had to play three games in one day in that place heated by a pot belly stove."

"No kid should have to do that."

Kerch's pride and joy in the past few seasons has been the increasing physical education program with the grade schools. The all-sports jambores involving all district schools at the end of the year is special to her. This year's was held at Maryville School.

"LITTLE KIDS are the natural athletes," said Kerch. "They're in their element when they're running or jumping or just having fun."

"Many times, I think it's better to let kids have a ball and

at bat and turn them loose and not have so much adult interference or supervision."

"Let them have fun. Now days, if a kid is in a baseball game and is at bat or in the field, no matter what he does, the spotlight is on him."

"NO MATTER what he does, someone will either be yelling for him or against him. Little kids don't need all that pressure on them. Just let them have a good time."

"I think that there should be a course of study offered on how to be the parent of a kid who's in sports," she said. "We need a little more sanity in sports."

"We seem to dress up athletics too much. We spend too much money on uniforms. A kid can play baseball or softball just as well in his own clothes as in a uniform."

AS FAR as her own plans for her retirement, Kerch said she really didn't know what she will do. "I've got that awful lot of drawer and cabinet cleaning to do," she said. "I may be here in my office doing that most of the summer."

"I like to travel, but I really haven't made any plans yet. No matter what she does, you can bet that Barbara Kerch will miss the ringing of the school bells next fall.

BARBARA KERCH — RETIRING AFTER 44 YEARS.

Coolidge honors athletes

Tuesday, May 23, the Annual Cheerleader Pep Club-Letterman's Club Dinner was held at Coolidge Junior High School. Following the dinner, speakers on GCHS School Athletics and Letterman's Club were Bob Roney and Dan Manogian.

Coach Keith Parker presented the track awards for the season. Speakers from the GCHS School Cheerleaders and Red Peppers were Kathy Long and Susan Range.

Miss Barbara Kerch, Director of Elementary Physical Education and Junior High Girls Physical Educational Activities, was a special guest and spoke to the students about being involved in activities at the high school level in order to receive the full benefits of those future years.

Coach Richard Williams, Letterman's Club Advisor, spoke on the achievements of the teams this year and wished the boys well on their endeavors in high school.

Pep Club Advisors, Mrs. Brenda Carille and Mrs. Lynn Whiteside, presented the following awards:

'Y' gymnastics clinics set

Donald R. Hains, Program Director of the Tri-City Area YMCA announced today the 'Y' will conduct a gymnastics clinic the week of June 5-9.

The clinic will be for youngsters age 6 and up beginning at 9 a.m. and continuing until 12 p.m. Monday through Friday. Such skills involving the vault, uneven parallel bars, balance beam and floor exercises will be emphasized. The clinic will be a lead into the summer gymnastics program. The summer sessions will be held in two week series beginning June 12.

A rotating session will be held from 9 a.m. to 10:30 a.m. and an afternoon session will be held from 4 p.m. to 5:30 p.m.

Commencement Friday for South Seniors

Commencement exercises for 499 graduating seniors at Granite City High School South will be held at 8 p.m. Friday on the athletic field on South campus.

Donald Stucke, president of the Granite City Board of Education will present the diplomas after James Dumont, principal, presents the Class of 1978 to School Superintendent B. J. Davis.

The High School Band will present "Coronation March" for the procession, followed by the singing of the "Star Spangled Banner" by Lori Clement. Invocation will be given by the Rev. Henry Crippen, pastor of Word of Life Tabernacle.

Principal Dumont will deliver the address followed by "A Search for Meaning" delivered by Linda Holder, salutatorian. Marina Jane Matosevich, valedictorian, will deliver "Breakthrough," following special music by the band.

Dumont will present the class to Superintendent Davis who will, in turn, present the class to Stucke for distribution of diplomas.

Father James L. Neuman, associate pastor of Sacred Heart Church, will give the benediction and the program will end with presentation of "Pomp and Circumstance" by the South Band directed by Terry Wafer in the recessional.

Graduating seniors at South include the following: Denotes honor students. ++ Denotes National Honor Society.

Celebrate school ending at picnic

Girl Scout Troop 275 celebrated the end of the current school year with a picnic Monday at Wilson Park. The troop is sponsored by Niedringhaus Parent-Teacher Association.

Mrs. Faye Nodine, troop leader, arranged the picnic and received a gift of appreciation from the girls for her support throughout the year.

Girl Scouts attending the event were Lewanna Amberger, Jennelle Bagi, Cindy Bridick, Loretta Cox, Teresa Crows, Kim Focht, Donna Horn, Dawn Justice, Jennifer McNeilly, Gina Neal, Lisa Nicholson, Monica Nodine, Connie Popmarkoff and Elizabeth Treter.

Also present were Mrs. Billie Bagi, Mrs. Sandi Hargrove, and Mrs. Glenda Horn.

Opti-Mrs. hosts spring party

A spring dinner party was hosted by the Noon-Day Opti-Mrs. Club last week at Sunset Hills Country Club to replace the annual installation of officers, which was postponed due to inclement weather.

There were 32 members and guests attending and dinner prizes were presented to Mesdames Myra Parrish, Robin Sternberg, Goldie Fischer and Marion Willard.

After dinner card games were directed by hostesses, Mrs. Judy Daley, club president, and Virginia Johns, Mildred Branding, Tomasa Kirchoff and Blanche Blake.

Those excelling in the games and receiving prizes were Maurice Daley, Rosalee Davis, John Tollgren, Marge O'Neill, Wallace and Helen Wyman.

Jr. Scouts tour township hall

Junior Girl Scout Troop 683, sponsored by Russell D. Johnson School, visited the Chouteau Township office and attended the ice cream social, community and social activities this month.

At the township office, Mrs. Patricia Polley, township clerk, conducted the group on a tour of the facility and explained the function of the township. She gave each scout a handbook of the Illinois government and a Fishing Rules book, and told the girls the hall is available for various social activities.

Those attending were Linda Fanning, Ginger Bowman and Kathy Weldon, leaders, and scouts, Dawn Allen, Jannetta Bowman, Cammie Crouse, Robin Fanning, Debbie Kelley, Marie Martin, Dawn Rinehart, Laura Rains, Christine Rodgers, Karen Vanzant and Maria Schrader, and guests Mr. Schrader and Bobby Fanning. Members of the township and guests who attended a performance of the ice capades included the leaders, Mrs. Fanning and Mrs. Bowman and troop members, Dawn Allen, Jannetta Bowman, Robin Fanning, Debbie Kelley, Laura Rains, Christine Rodgers, Tracie McGee, Maria Schrader, Grace Zimmerman. Guests were Mrs. Rains, Phillip Fanning, Mrs. Joyce Schrader, Mrs. McGee, Bobby Fanning.

Philathea Class May dinner party

The Philathea Class of Niedringhaus United Methodist Church and a guest, Mrs. Lillian Fox, met at Sonny and Char's for the annual May dinner party.

The members sang "happy birthday" as a cake with candles was given to Marvel Clover in honor of her birthday. Mrs. Clover brought flowers for the table and donated prizes for the games.

Prize winners were: Nelle Hart, Augusta Pender, Bethel Davis, Lucy Weaver, and Mary Ahlvers.

After prayer, Mrs. Bethel Davis read "A Living Presence, a Parable of Mothers" by Temple Bailey.

Mrs. Mary Ahlvers, president, led the group in a nostalgic remembrance of past activities of the Philathea Class.

Others attending were Emma Schoen, Mable Stewart, Katherine Van Order, Olga Tierney, Ella Ray Smith, Paula Smith, Geneva Wallis and Mary Hiller.

NEW OFFICERS of the Granite City Business and Professional Women's Club, following installation ceremonies at the Collinsville Holiday Inn. From left to right are Sandy Porter, corresponding secretary; Edith Schwab, recording secretary; Linda Wetton, second vice-president; Rosalie Stern, first vice-president; LaVelle Stephens, president-elect; and Lois Wetton, 1978-79 president. Not shown in the photo is Ruth Belleville, treasurer.

RECEIVING CHARGE of office, Lois Wetton, right, new president of the Granite City Business and Professional Women's Club, accepts the responsibility from Catherine Burton, past president of the Illinois Federation of Business and Professional Women and installing officer at the annual dinner. More than 100 persons attended.

Business Women install Lois Wetton

Mrs. Lois Wetton, manager of the Rendezvous Boutique, was installed as president of the Granite City Business and Professional Women's Club during the annual installation banquet at the Collinsville Holiday Inn.

Theme of the installation was "Hands of Leadership."

Mrs. Catherine Burton, past president of the Illinois Federation of Business and Professional Women and a member of the Collinsville BPW Club, was the guest speaker and installing officer.

Mistress-of-ceremonies for the gala affair was Mrs. Lorene Sadrakula, retiring president of the Granite City BPW. Special guests honoring Mrs. Wetton by attending the banquet, included her parents, Mr. and Mrs. Otto (Lula) Wofford; Ann Giese, Jackie Wadiow, Rose Yates, Mr. and Mrs. Avery (Betty) Schermer, Julie Kraus, Beverly Bull, Martha Paulk, Mr. and Mrs. Jeff (Margaret) Scott, Mary Beckland and Dee White.

The new club president manages the boutique at the Cut and Curl Beauty Salon in Nameoki Village Shopping Center.

She also is a fashion director for Sarah Coventry Jewelry and frequently arranges style shows and provides commentary. As a remembrance gift, Mrs. Burton presented Mrs. Wetton with a statue of Praying Hands. Other officers installed, who will lead the club in 1978-79, include:

LaVelle Stephens, president-elect; Rosalie Stern, first vice-president; Linda Wetton, second vice-president; Edith Schwab, recording secretary; Sandra Porter, corresponding secretary and Ruth Belleville, treasurer.

Executive board members serving in the new club year are Ruth Walk, Wilma Large, Sharon Beckett, Florence Moore, Carolyn Frye, Ollie Derr and Mildred Meehan.

Highlighting the evening was a parade of past presidents of the Granite City BPW Club.

Entertainment was provided by pupils from the Sheryl Yount School of Baton and a musical interlude was presented by Louise Lewis, accompanied by Valerie Stevens.

Rites held for Mrs. Waters, 70

Funeral services were held at 11 a.m. Wednesday, May 31, at a Granite City funeral home for Mrs. Irene (Gorman) Waters, 70, of Fredericktown, Mo., formerly of Granite City.

She died at 5:07 a.m. Monday, May 29, at the Community Hospital, Farmington, Ill. Survivors include her husband, O. E. "Pat" Waters; two sons, Raymond Blackburn of Alton, Ill., and Timothy Burns of Collinsville; one daughter, Mrs. Jack (Florence) Jensen of San Francisco, Calif., and grandchildren. Burial was in Sunset Hill Cemetery, Edwardsville Township.

55 YEARS OF SERVICE at the Venice Schools by two members of the staff are remembered by faculty, staff and friends attending a party honoring them on their retirement. In foreground reading engraved silver bowls presented to them by the board of education are Mrs. Mary Suggs, left, and Mrs. Gwen Dake, right. Behind the honorees are Superintendent of Schools Robert Vickers, high school principal John Rush and elementary school principal Mrs. Anna McKinney. They are seen around a table full of gifts and cards from various organizations and groups at the schools as well as from many friends and former students. Mrs. Suggs has been with the schools for 23 years and Mrs. Dake has accumulated 32 years at the schools.

Area's 'most priceless resource,' children are called more capable than assumed

Children are often much more capable than is generally thought by parents and teachers, according to John H. Bates.

The Candorian educator conducted a series of late-spring meetings in the local area through sponsorship of the Teachers' Center Project of SIUE.

Bates, who regards youngsters with high esteem, said, "Children are the nation's most priceless resource, but they must have a feeling of security and control of what they are doing."

Bates shared with area teachers eight of his principal ideas and techniques used for more effective interaction with children:

1. Teachers' contact with parents is an important aspect of a child's education. Teachers should contact each child's parent at least every 25 days. Phone calls of two minutes' duration, during which the teacher relates informally the child's successes, are called vitally important.

A sample phone call suggested by Bates would be: "Your Johnny did a super picture today. I'm sending it home with some magnets so that you can post it on your refrigerator."

2. Teachers should file a significant piece of each child's work at least once a week. Up to grade 4, the teacher selects the piece; afterward, the selection is the child's responsibility.

The child's actual work, not number or letter grades, gives the best evidence of learning and development, he believes.

3. The child should be encouraged to choose — within teacher-established limits — the work he or she is going to do.

For example, "Make 10 number sentences whose answer is 25" is considered a far richer activity than assigning set drills dealing with 25.

Children who were encouraged to make selections of work and complete half a collection of mathematics

problems one day and the remainder the following day scored 81 percent correct; children working the same problems in the order given in the book — first half one day, and the remainder the next — scored 38 percent.

"Children will control — whether we like it or not — what they are doing," Bates said.

"Better to help the child establish healthy control in the learning situation, than for him or her to exert control by dropping out."

4. To give children an appreciation and a knowledge of good writing, as well as to introduce standard English patterns and grammar, each teacher through grade 8 (and

preferably beyond) should be asked to read quality books to children at least 40 minutes each day.

5. A good elementary school library should have at least 15,000 books. Many of the books can be written by the children. Even in lower grades, children can write books; they dictate their sentences to the teacher or

to older children. Children's books, hard-bound and catalogued by school staff, are placed side-by-side in the school library with books by Mark Twain and Albert Einstein.

Teachers throughout Bates' schools are encouraged to read the children's books — at least one a week — and to write a

personal note to the author. This is viewed as especially valuable when the teacher is someone other than the child's classroom teacher.

6. A curriculum largely consisting of ditto pages usually deprives the child of a chance to write, to think (other than to memorize), and to be original.

7. A math curriculum which gives great attention to speed and accuracy in arithmetic computation is "hopelessly out of date."

8. Classrooms are for children and should look like it. Classrooms should have children's work from wall to wall. Not all children's work need be paper-and-pencil. This was Bates' fifth visit to

the Teachers' Center Project. A return visit is being scheduled for this fall.

A transcript of Bates' remarks is soon to be available from the Teachers' Center Project. A videotape interview with Bates is available for local viewing through the project, according to Thomas O'Brien, director.

Driver charged after accident

James R. Grady, 25, of 2136 Bern Ave., was charged with reckless driving, resisting arrest and disorderly conduct after his auto struck a parked car in the 2800 block of Dale Avenue at 6 p.m. Friday.

Grady's auto allegedly struck the parked car of Ronald Kilmer, 2805 Dale Ave., in front of Kilmer's auto, pushing the parked car into Kilmer, who had just gotten out with his arms full of groceries and had walked to the sidewalk when the accident occurred.

Police arrived and told Grady they were going to issue him traffic ticket and alleged Grady then became abusive, pushed Patrolman J. R. Wilson and tried to walk away.

Wilson grabbed him and force was used to get him in the squad car, police alleged. Grady was released after posting \$35 cash and his driver's license as bond.

Santoni named 'great teacher'

Wayne D. Santoni of Edwardsville, assistant professor of historical studies at Southern Illinois University at Edwardsville, will receive the Great Teacher Award at SIUE commencement exercises June 9.

A native of Baltimore, Santoni earned his B.A. in history at the University of Maryland at College Park and his Ph.D. degree at Kansas University.

GC creates new traffic stops

A series of new traffic controls on Granite City streets was established by City Council members last week.

An ordinance creating a traffic stop for easterly or westerly traffic on Gary Avenue entering Redbud, and for easterly or westerly traffic on Gary entering Palm Street was enacted.

Another ordinance was

passed creating a three-way stop at Clark and Franklin avenues. The ordinance establishes a traffic stop for easterly bound traffic on Clark entering Franklin Avenue, and for north and southbound traffic on Franklin entering Clark.

The council approved another ordinance repealing a 15-mile-per-hour speed limit for buses in the 2100, 2200 and 2300 blocks of Woodlawn Avenue.

Palaces, tower, bazaars in elegant, 7-city Delhi

By A. E. KRUMSICK

At last week's meeting of Travelers Abroad, Dr. Alice Purdes discussed the second half of her doctor's dissertation, a comprehensive study guide designed to bring the culture of India to the classroom by photography and recordings.

Delhi — "the most elegant capital city in the world," said

Dr. Purdes — offers the sightseeing tourist a thousand years of history in stone. Modern historians say that no fewer than seven cities have been built on this site — not each on the ruins of its predecessor, as in the case of ancient Troy, but side by side. Each of the seven Delhis contains monuments of its past,

and the dividing line between them is quite sharp, even though time has gradually welded them into one city. Thus, the traveler who wanders through all of them in chronological order sees all the great epochs of Indian history. The eldest Delhi is marked by the Red Fort, built by Anagapala in the 11th century.

Nearby is Qutb Minar, a minaret 230 feet tall, said to be the world's most nearly perfect specimen of tower architecture. Dr. Purdes observed that though many tourists say it resembles nothing more than an American factory smokestack, it is a mathematical genius, for it has remained standing for eight centuries.

surviving several severe earthquakes. Today, the tourist can climb its steps in safety. New Delhi has cool, spacious avenues with luxurious palaces and beautiful gardens, while the older sections are often a maze of narrow streets, bazaars and slum dwellings. Indian art is well exemplified

in the jewelry, embroidery and brocades which one sees in a wedding. So far as possible, everything is arranged in sevens, for seven is a sacred number. The bride wears red.

At the end of the ceremony, a red mark is placed on her brow. This she wears permanently as evidence of her status.

The oft-heard remark that music is an international language is true only in areas that have a common musical system. The musical system of India is entirely different from ours, said Dr. Purdes. There is no harmony, no absolute pitch, and no written music whatsoever. The pupil does not read music, but listens to his teacher and imitates him, and also gives his own personal rendition.

Among the numerous musical instruments which Dr. Purdes illustrated and described were stringed and percussion instruments, but no keyboard instruments whatever. Voice quality, so important among American singers, is unimportant and irrelevant among Indian singers. Americans would not consider a man to be a great poet simply because his handwriting is beautiful, said Dr. Purdes, nor would Indians regard a singer as great because his voice quality is good.

The merit of an Indian singer is determined by his own personal rendition of the song — how much feeling he puts into it. In a vast display of sandal wood carvings, ivory chest sets, gold vessels, and paintings, Dr. Purdes pointed out that the famous Indian paintings are small, smaller than some seen in a typical Granite City home. In Indian art, nothing may be perfect because God alone is perfect. Hence, an Indian artist deliberately puts at least one defect in his work.

For any instrument used in the home, be it ever so commonplace and be the home ever so humble, it must be beautiful, she related. Hence, kitchen knives, brooms and dustpans are covered with beautiful, intricate designs.

Woman cut here; another charged

Mrs. Lavina Hopkins, 40, East St. Louis, was charged Friday with aggravated battery in an informational document from the Madison County state's attorney's office in connection with an incident at 7 p.m. Thursday in which another East St. Louis woman was cut with a knife.

Miss Allean Purnell, 23, East St. Louis, suffered cuts to her forehead and behind her left ear when she was assaulted with a butcher knife. Police found a butcher knife with a seven-inch knife blade at the scene. The victim said she and another woman were in an auto with two men leaving the American Steel Foundries parking lot here and when they got to Niedringhaus Avenue at the railroad crossing, another car honked its horn repeatedly for them to stop.

The man who was driving, Willie Hopkins, East St. Louis, stopped the car and a woman approached from the other car and ordered the women out of Hopkins' auto. A fight then broke out during which Miss Purnell was cut. She later was treated at St. Elizabeth Hospital and was released. Mrs. Hopkins appeared before Associate Judge Thomas Gibbons in Granite City Friday who set her bond at \$5,000 and denied a request to grant recognizance.

Three hurt in two-car crash

Three persons were injured when the cars of Robert Staihoff, 16, of 4013 Rode Ave., and Betty Hogan, 30, of 5037 Lakewood Drive, Fordlawn Beach, collided at Maryville and Morrison Avenue at 6 p.m. Thursday.

Sherry Hogan, 14, a rear-seat passenger in Mrs. Hogan's auto, had her legs pinned under the front seat and had to have the seat prior to be removed from the car. She and her mother were taken by Granite City ambulance to St. Elizabeth Hospital where Sherry Hogan was admitted with a cut and bruises to her right knee and cuts to her right arm and hand. Mrs. Hogan suffered cuts to her face, right arm and legs and was released after emergency treatment.

Staihoff was treated for a cut to his chin and bruises to his neck and was released.

Harry Johnsons to be honored

The Rev. E. B. Beatty will be the guest speaker on Sunday, June 4, at the 10:46 a.m. worship service at Madison United Methodist Church, Fifth and Ewing streets, according to the Rev. Edward Weston, host pastor.

Rev. Beatty is the grandfather of Mrs. Weston, and is a retired clergyman from the Southern Illinois Conference. He has served parishes in Southern Illinois including Centralia, West Frankfort, Louisville, and Zeigler.

Mr. and Mrs. Harry Johnson of Galveston, Texas, formerly of Madison, will also attend the services and will be honored on their 60th wedding anniversary at a luncheon following the worship hour. Rev. Weston said.

Jonathan Jones marks birthday

Jonathan Trent Jones celebrated his sixth birthday at three separate events hosted by his parents, Mr. and Mrs. Clarence (Barbara) Jones.

During the weekend a party was given at the Jones home for classmates of the honoree including Gregory Ambuehl, Douglas Buehler, Chris Mance, David Perez, Maynard Stark, and Tony Stenberg.

Decorations were Star Wars helmets, space ships and sail boats flying flags of all nations, carried out in a red, white, blue and yellow color theme.

The centerpiece was a Star Wars ship flying around a globe with floating sail boats on a blue sea of water. Streamers, balloons and sail boats were suspended from the ceiling and favors were blue sail boats filled with treats.

Games were played and each guest received a helmet, boat, prize and favor.

Those attending an evening affair were Mack and Alta Carpenter and Mrs. Barbara Billrey and Hurlbert Reinhardt, grandparents of the guest of honor, and Sister Barbara McMullen, godmother of the honoree, and Lee and Dorothy McMullen and John and Connie Kipp.

On Sunday and the party honoree was taken, by his parents, to see a Star Wars movie followed by dinner at Edelweiss Inn, in St. Louis.

More the Merrier hosts luncheon

The More the Merrier Club met last week at the Granite City Township Center for a luncheon meeting featuring homemade spaghetti made by Mrs. Lorene Whitsell.

President Grace Padlock opened the meeting and Mrs. Ruby Corbett led the group in prayer and pledge to the flag. Prizes for the afternoon games went to Mary Scroggins, Gertrude Buente, Emma Goble and Marge Hall.

A business meeting is planned for 1:30 p.m. Thursday, June 8, and those observing June birthdays are to furnish cakes, according to the president.

HONORED GUESTS. Visiting guardians and associate guardian attending the 50th anniversary observance of Bethel 43, International Order of Job's Daughters, held at the Masonic Temple this week. From left, Mrs. Charlene Tucker, guardian of Bethel 91, Highland; Mrs. Corinne Schleuter, guardian of Bethel 24, Belleville; Miss Michelle Root, honored

queen of Bethel 43; Mrs. Rebecca Slate, guardian of Bethel 43 and grand second messenger of Illinois; Mrs. Patti Sandifer, guardian of Bethel 72 of Edwardsville, and Martin Love, associate guardian of Bethel 43 and grand outer guard of Illinois.

BETHEL 43 OFFICERS AND CHOIR singing a special selection in conjunction with the 50th year of the Bethel which was organized on May 4, 1928, and has two elected queens each year. Front row from left, choir members Sherry Ashall, Becky Cooper, Kathy Bronsman, Junior Princess

Tracy Dimock, the 100th queen Michelle Root, Senior Princess Kay Gantt, and choir member Jeanie Holt. Back row, members of the choir, Darla Daigler, Pat Crider, Gina Fox, Susan Seilheimer, Rhonda Baker and Melissa Travis.

Frohardt PTA installs John Fuhrman president

A capacity crowd attended the final PTA meeting at Frohardt School last week which featured installation of officers and a program presented by the combined kindergarten classes of Mrs. Shirley Cunningham and Mrs. Janice Carnody.

The youngsters danced, sang songs and performed in special skills under the direction of the teachers and assisted by several mothers.

Den One of Cub Scout Pack 22, led by Mrs. Heady Brudley, presented the colors and Mrs. Janet Fuhrman gave the pledge of allegiance and PTA prayer.

Mrs. Barbara Haddock, president of the Area Council, served as installing officer for the 1979 corps of officers, John Fuhrman, president, Joe Nemeth, vice-president, Marie Knicker, secretary and Barb Monroe, treasurer.

Each of the newly elected officers received a carnation and a past president pin was presented to Mrs. Phyllis Bills, the retiring officer.

Activities planned for the final week of school included the

school picnic, tacky day led by the "top cats" who were winners of various contests, and a baseball game with the sixth graders versus Frohardt faculty, with the students winning by a score of 11-2. Also a room mother's appreciation salad luncheon and a pop corn day was held with the final event an awards assembly featuring presidential awards and the Tom Jones Citizenship Award.

New Hope Baptist plans homecoming

A homecoming observance will be held at the New Hope Baptist Church, Route Three and Maffitt St., at 1:30 p.m. Sunday, it was announced by the Rev. Chester Wisely, pastor.

Special music will be presented by The Revelators Quartet from St. Louis.

The musical group sings on radio and also appears with the Lester Family and the Victory Quartet in concert, Rev. Wisely added.

Lioness Club breakfast set Sunday

The Pontoon Beach Lioness Club will hold a pancake and sausage breakfast serving from 7 a.m. until 1 p.m. Sunday, June 4, in St. Elizabeth Church hall, Pontoon and Johnson roads.

Proceeds from the project will be donated to Mrs. Cynthia Gerkin who lost her family and mobile home in a fire Jan. 2.

"Since this is our first major fund raising project, we are most excited about it and would very much like to have a good turnout. Our club has devoted a great deal of their time and have worked hard in helping see that our breakfast is a big success," Mrs. Helen Toster publicity chairman said.

Madison grads seek classmates

A reunion of the 1953 graduating class of Madison High School is planned for July 29, according to the planning committee headed by Mary Lou Patterson and Mrs. Carol Hill.

There were 90 graduates and of that number the committee has been unable to locate 20 classmates.

Addresses are needed for Rubin Perry, Chester Williams, Marie Wray, Donald Young, Rita DeJullus, Richard Varady, Clarence Silas, Gwen Thompson, Dorothy Scott Long, Helen Burke, Mildred Allen, Maxine Haynes, Lois Treland, Richard Terrell, William Terrell, Leroy Jackson, Joanna Lewis and David Howard.

Anyone knowing of the above named people are advised to call Mrs. Patterson at 931-6572 or Mrs. Hill at 797-0790.

Picnic to honor Barbara Kerch

A picnic is being planned for Saturday, June 10, at Wilson Park to honor Miss Barbara Kerch who is retiring this month from the Granite City School District, as consultant for elementary and secondary physical education.

Planning the outdoor event are Mrs. Muriel Kratz and Mrs. Sandy Dumoulin, with the assistance of former GAA members and Girl Scouts who have been students of the honoree.

Those interested in attending are to contact Mrs. Kratz at 452-4192 for reservations. The picnic will be held at Shelter One beginning at 1 p.m., and at the present time 75 have made reservations, according to the co-chairmen.

Navy Mothers hold memorial

A memorial service for deceased members was conducted by the Quad City Navy Mothers, Chapter 850, at a social meeting held at the VFW Hall, last week.

Commander Stella Miller presided at the service held for Mrs. Juanita Williams, Mrs. Lola Miller, Howard Westbrook and James Dix.

Members agreed to send a \$25 donation to the Kidney Foundation and Mrs. Miller announced the club received a check for \$300 from the Torch Club of Granite City Steel to be

used for the chapter's welfare projects. The commander also introduced a guest for the evening, Mrs. Laverne Harris. Mesdames Margaret Minzes, Della Rabb and Mattie Hefner were accorded special honors in observance of their birthdays and each received a gift from Mrs. Miller.

The honorees served as hostesses for the evening and awarded the mystery package and special prize to Mrs. Miller, and games awards went to Mrs. Rabb, Mrs. Jean Teller and Mrs. Mary Lee Busler.

MAKESHIFT FACILITIES are used by members of the Free Spirits CB Club to welcome motorists Monday afternoon during the club's annual Memorial Day "break." A large tent was being used by the club until Saturday's windstorm blew it over, making use of a trailer and large awning necessary. The club set up near the intersection of Highway 111 and Interstate 270 from Friday afternoon through Monday evening. Two

families from India traveling together were the motorists from the most distant homeland to be assisted by the club. Channel 9, the emergency channel on the citizens' band radio, was monitored by club members around the clock for the three-day event. The club will have a similar break on the Fourth of July weekend.

PLANNING AUCTION for Saturday at St. Joseph's School and Church are church members on the committee for the annual event. The auction will utilize a Western theme and a wide variety of items will be sold. It will begin at 10 a.m. on the school grounds. From left are: Jeanne Brandon, public relations; Tony Boyer, club president; Barbara Boyer, in charge of the country store; Ada Conklin, attendance chairman; Clarence DeGonia, cashier, and Don Johnston, auctioneer.

St. Joseph's to hold auction

Anthony W. Boyer, president of St. Joseph's Parents and Friends Club, has announced that the second annual auction will be held Saturday at 21st Street and Edison Avenue, on the school grounds. The auction will begin at 10 a.m. and last until all items are auctioned. There will be entertainment for the children, games and prizes, a country store and refreshments. Auctioned will be hand-made items, toys, lamps, dishes, jars, desks, glassware, small appliances, picture frames, and many other items.

BURGLARY ON DENVER
A \$100 digital clock and a \$100 shotgun are known missing after a burglary at the home of Rick Frith, 2901 rear Denver St., between Saturday and 8:05 p.m. Tuesday. All rooms were ransacked, clothing in a closet was dumped on the floor and a dresser drawer was broken. Entry was gained by forcing a screen and storm window open.

Choosing between two price indexes

The 1978 revisions of the Consumer Price Index will be the subject of a conference June 6 for persons who use the CPI as a basis for escalation clauses in contracts and agreements. The session will be from 8:30 to 10:30

a.m. in the J.C. Penney Building auditorium on the campus of the University of Missouri-St. Louis.

Elliott A. Browar, regional commissioner of the U.S. Bureau of Labor Statistics, will conduct the program.

The bureau began issuing the two new indexes in January. Its first indexes for the St. Louis metropolitan region are due to be released near the end of June.

Persons who are parties to contracts based in part on the CPI, which is being discontinued, must decide which new CPI to use and make appropriate changes in their agreements.

Browar will discuss differences in the indexes which may affect the choice of the CPI to be used. The conference is free and open to the public, but reservations are to be made at (314) 221-5555.

LEADERS OF PEPPERMINT PLAYERS from Granite City High School North are, from left, Pam Tester, Sue Basarich, Dawn Stoyanoff the Peppermint Girl, Laurie McKinney and Lisa Salem. These girls and Dr. Goni Michaeloff North design, plan and execute their own costumes to suit the special style of the players who perform for the elementary schools.

Ambitious tour by Peppermint Players

The most ambitious season for the Granite City High School Peppermint Players has ended its season with three different casts touring the elementary schools during the school year.

The group presented a 30-minute dramatized classic, "Alice in Wonderland" by Lewis Carroll, with the script given special adaptation by Dr. Goni Michaeloff.

This is the first semester that more than one cast has toured the Granite City elementary schools, due to increased interest in Children's Theater, Dr. Michaeloff said.

The Peppermint Players is a touring troupe composed of different students each semester.

The North students are taught how to interpret a role, mold into a single company of actors, respond to an audience, and handle scenery, costumes and properties of a traveling company.

Ultimately the players control their own touring company in performance under the leadership of the Peppermint Girl and Peppies.

Through this program, the students learn to control their own company of actors, learn skills of leadership and learn the important elements of theater and present worthwhile drama to the children who make up their audiences.

The stage design is created by

Dr. Goni Michaeloff. Special scenery pieces depicting the White Rabbit's garden, a wonderland to Alice, were constructed and decorated by a stagecraft crew composed of Advanced Speech students: Beth Goff, Mark Belleville, Bill Broadwater, Dawn Duffin, Kevin Duffield, Kathy Pen-degrass, Mary Burnett, Eddie Schilling, Jon Kastele, Paula Milton, Betsy Slate, John Hartung, Alan Huff, Steve Carr and Dawn Stoyanoff.

Both students and parents helped with the costumes. Poster card costumes were specifically designed and made for the production by Jon Kastele with the Knave's Card costume being made by Mrs. Betty Hackney, mother of cast member Tony Hackney.

A Dormouse costume was made by Mrs. Richard Huff. One of the most original costumes was of a Cheshire Cat made by Tina Parchman, a student.

Original tunes were composed by Mrs. Patricia Michaeloff, vocal music specialist for the Granite City schools.

The three different touring companies were:

Second Hour Advanced Speech Class: Alice, Lisa Salem; White Rabbit, Jeff Joyce; Caterpillar, Sherry Clemensen; Duchess, Lynda Loftus; Cheshire Cat, Laurie Hermes;

Mad Hatter, Bob Cochran; March Hare, Dave Hessel; Dormouse, Ellen Fever; Queen of Hearts, Leslie Bishop; Mock Turtle, Anne Fuller; Humpty Dumpty, Eric Disney; Tweedledum, Chris Lewis; Tweedledee, Rene Scallions; King of Hearts, Mark Disney; Knave, John Langbein; Herald, Teri Robertson and Lucy Zimmer.

Fourth Hour Advanced Speech Class: Alice, Lisa Hudson; White Rabbit, Tracy Hickam; Caterpillar, Tracie Millard; Duchess, Mary Harrington; Cheshire Cat, Jill Robertson; Mad Hatter, Jim Bradley; March Hare, Jeff Senter; Dormouse, Pam Doeppke; Queen of Hearts, Donna Jones; Mock Turtle, Jennifer Herman; Humpty Dumpty, Jenny Evans; Tweedledum, Kay Hopkins; Tweedledee, Connie Campbell; King of Hearts, Tom Lucas; Knave, Connie Siebert; Herald, Tina Kent and Susan Landis.

Sixth Hour Advanced Speech Class: Alice, Carla Cunningham; White Rabbit, Ed Graham; Caterpillar, Lisa Heaton; Duchess, Beth Sobolewski; Cheshire Cat, Tina Parchman; Mad Hatter, Bob Cochran; March Hare, Jerry Baker; Dormouse, Ellen Fever; Queen of Hearts, Lisa Randall; Mock Turtle, Lavonne Austin; Humpty Dumpty, Dan Fuhrman; Tweedledum, Darla Sturdivant; Tweedledee, Georgie Busch; King of Hearts, Scott Humphreys; Knave, Tony Hackney; Herald, Theresa Layer.

Chouteau budget \$204,760

Budgets totaling \$204,760 for town purposes have been posted at the Chouteau Town Hall for public display and a public hearing on the budgets has been set for 7 p.m. Monday, June 26.

The new town budgets are \$6,810 less than the 1977-78 fiscal year budgets of \$211,570, but the decrease is entirely from a drop of \$29,000 in anticipated federal revenue sharing funds. All other funds show increases.

The town fund, which is supported primarily by tax revenues, will increase \$6,190,

from \$67,770 in the last fiscal year to \$73,960, if the budgets are approved as posted.

General assistance, which also is supported primarily by tax funds, is set at \$55,300 in the new tentative budget, which is \$6,500 higher than the \$48,800 budgeted in the 1977-78 fiscal year.

Revenue sharing dropped from \$95,000 to \$66,000, a \$29,000 decrease in the tentative budget. Revenue sharing is supported entirely by federal grant funds and the amount of

those funds has been decreasing in recent years.

Helping offset some of the decreasing federal revenue sharing is the anti-recession fiscal assistance act grant program which has a tentative budget of \$9,500.

Highway budgets totaling \$13,665 were passed by the board earlier this year.

Tentative town fund appropriations include \$70,110 for administration, \$3,100 for elections and \$750 for contingencies.

General assistance appropriations are \$16,400 for administration, \$23,900 for home relief, \$14,000 for institutional care and \$1,000 for contingencies.

Revenue sharing appropriations include \$5,000 each for the Mitchell and South Roxana Volunteer Fire Departments, \$2,500 for the Hartford Volunteer Fire Department, \$2,500 for insurance, \$5,000 for kitchen and other equipment for the new community center building, \$3,000 for buildings and grounds improvements, \$5,000 for community activities, \$6,000 for utilities and maintenance,

\$27,000 for road repairs, and \$5,000 for administration and supervision of the town hall and community center building.

The anti-recession fiscal assistance funds will be used to aid township residents in purchasing eyeglasses, hearing aids and other medical equipment.

TOOL BOX IS TAKEN

A tool box containing about \$35 worth of socket wrenches was stolen from the home of Wilbur Wallace, 2120 Nevada St., it was discovered early this week. Police were unable to determine how entry was gained.

Illinois Knights elect officers

Herbert L. Gegenhuber of
Palatine, Ill., was elected state
deputy of the Illinois Knights of
Columbus this week at their
final convention business
session in Chicago.
The 53-year-old heavy
machinery sales engineer
replaces Robert J. Hise of
Kankakee as the highest leader
of the state's 71,000-member
Catholic fraternal society.
Hise continues as a director
of the 22-member board of
directors of the K. of C., whose
national offices are in New
Haven, Conn.
The Knights of Columbus

have an international mem-
bership in excess of 1,281,000
and more than 7,000 councils or
lodges.
Others elected by the
delegates representing the 270
councils in the state include
Darrell W. Beck of Decatur as
state secretary, Robert T.
Kellam of Chicago as state
treasurer and John A. Ray of
Springfield as state advocate.
Ward Birch of Rantoul was
elected state warden.
Installation of Gegenhuber and
the other state officers is ten-
satively set for the second
weekend in July.

ceremonies last week.
The evening ceremony and
service was held at Bethel
Chapel Pentecostal Church,
with the pastor, the Rev. Clifton
Galiber, offering prayer.
The guest speaker was the
Rev. Tim Lee, pastor of the
Fellowship Baptist Church in
McLeansboro, Ill.

Awards and recognition for
several students were included
in the graduation ceremony.

The highest awards bestowed
by Lakeview Christian
Academy, announced for the
first time last week, were
received by:

Jimmy Hall, son of Mr. and
Mrs. Jim Hall, 8844 John Glenn
Drive, who was named Little
Mr. Lakeview Christian

Blacks urged to be alert to
dreams, responsibility, skills

By LORENZO BUFORD
"We, as black people, are in a
whole lot of trouble," said Les
"Cochran, student affairs
director at the SIUE School of
Dental Medicine, during an
address to the student body at
Beaumont High School in St.
Louis.
"Black students today are not
addressing themselves to the
dreams and issues facing black
people today. They are not
talking about past and present
leaders such as Dr. Martin
Luther King, Malcolm X and
Jesse Jackson, or such im-
portant issues as infant mor-
tality, basic skills and role
responsibilities."
Many black youths channel
their energies into the wrong
sources, such as dancing and
drugs, he said.
"We must not let our minds
stay alert by artificial means.
Students must stay alert to
changing attitudes, mores, and
world policies."
Citing his experiences, he

said he has been active in the
civil rights movement, traveled
extensively in South America
and the United States, and
addressed the Illinois Migrant
Council in Spanish recently.

He speaks with black youth
groups because "black people
when they advance intel-
lectually and economically
should return home to help
others better their situations
and promote the growth of their
community." He has a degree
in Spanish and a master's in
counselor education.

Parts of his talk centered
around Nizake Shang's "For
Colored Girls Who Have Con-
sidered Suicide When the Rain-
bow is End." The message
does not only affect "colored
girls" but also "colored boys,"
he said.

An SIUE graduate and for-
mer Supplemental Instructional
Program student, Cochran said,
"Young black men are not
doing their homework in terms
of education. There are many
black males who have not
completed their high school
education."

"Some reasons are that they
are limited in career choices to
make because they are
unaware, disillusioned at an

early age, and are their own
victims."

Titling his address, "Youth,
Life, Tomorrow," Cochran said,
"In paraphrasing a quote by
comedian Richard Pryor, 'The
inevitable task in life is to
survive death.'"

"We, as black people, must
wake up to what is happening to
us as persons, as a community
and as a race."

Black people must be
concerned about themselves
and pursue occupations as
lawyers, teachers, scientists,
doctors and dentists. We must
learn to care for ourselves."

Concluding, he said in
Spanish, "Debemos averiguar
lo que hombre comun esta
pensando."

Translated, Cochran said,
"We must find out what the
common man is thinking. We
must learn to communicate
among the races."

Cochran has served as
chairman of the Executive
Committee for the Higher
Education Council of Greater
St. Louis, chairman of the
National College Fair Planning
Committee and vice-president
of the Gateway Chapter of the
Society of Ethnic Special
Studies.

Venice studies
plans to raze
six old houses

Members of the Venice City
Council building committee met
Wednesday morning at the city
hall with Mayor William
Ebersold and the building and
health inspectors to review
plans to demolish dilapidated
structures.

Alderman John Ervin
reported that the city attorney
is completing necessary legal
papers to demolish six struc-
tures which the owners have
voluntarily agreed may be
razed by the city.

It was noted that there also
are six structures the city in-
spectors deem unsafe, but the
owners have refused to sign
papers to allow them to be torn
down. These cases are being
decided in the courts.

After the council approves the
list of structures to be razed, the
city will advertise for bids to do
the work.

Legislators not covering selves with glory on bet issue

June rhymes with honeymoon, but the bloom is gone and betting is the rule. The 1978 General Assembly session enters its final month. Illinois legislators have not exactly covered themselves with glory this spring and one of the topics not handled well is away-from-the-track betting on horse races.

The courts also were about to darken their image on the same general subject, allowing bet messenger services to operate through a legal loophole as appellate and circuit judges barred the issue back and forth. Two Third Circuit associate judges took opposite positions May 24 on the Illinois Express offices in this area.

But the Illinois Supreme Court "stood up to be counted" last week, agreeing to expedite its consideration of a case involving Illinois State of Chicago this month, rather than waiting until the September court session. So, the justices can be given high marks for being willing to rule for or against bet messenger legality, and soon.

It needs to be kept in mind that the messengers represent private interests and have no direct relation to the question of whether the state should set up governmental off-track betting shops administered throughout each region by a "core city" (in our case, East St. Louis).

The Illinois House approved the flawed OTB proposal 90-75 on Friday, one vote more than the 89 majority required. The Senate now has the bill and ought to kill it.

An example of the weakness of the proposal is that other forms of Illinois gambling are being cited as justification for going a step farther and legalizing OTB. Betting is well liked and flourishing, but the chief example cited, the state lottery, is slumping—netting the state, in yearly succession, \$54 million, \$78 million, \$47 million and now an estimated \$35 million, barely over half the \$60 million that had been projected for July 1977-June 1978.

Area needs mass transit implementation, not more study

State and federal agencies have gotten into such a rut—ordering more and more studies while delaying "go" or "no go" decisions on the projects studied—that it is refreshing to see yesterday's mass transit action by the East-West Gateway Coordinating Council.

Aware of multiple transit studies already available, Gateway decided against a proposed new federal analysis. In effect, asking Uncle Sam to "put up or shut up," the Illinois-Missouri coordinating panel voted unanimously to request that the Urban Mass Transportation Administration make a commitment of funds for construction and purchase of transit facilities and equipment.

Backing off from its original emphasis on subways, the U.S. is now taking a vastly different, alternative-laden

approach that another \$1,500,000 study lasting four or five years may be proposed here. But this would be a mistake, because that amount of time added to the time required for implementation would prevent significant improvements in this decade and in much of the 1980s. And by then, circumstances may have altered and still more study might seem necessary.

If mass transit is going to become a reality—with services of a different scope than the existing bus system—it ought to be pursued now: much has already been learned through surveys, hearings, research and data projections. The real question that needs to be studied and answered is whether the budget-squeezed federal government really intends to provide transit money other than for the study process itself.

'Music Under Stars' rehearsals to start

Rehearsals will start Monday for the "Music Under the Stars" program, sponsored by the Granite City Park District.

Mrs. Mary Ann Bright, South High school director, will direct the summer music program for the fifth season.

The children's chorus for students through junior high school age will meet Mondays and Thursdays from 1 p.m. to 2 p.m. in the South High Vocal Room 135.

The adult chorus for high school students and adults will meet also on Mondays and Thursdays, but from 7 to 9 p.m. in the vocal room.

Mrs. Bright said participation is by attendance only. No audition is required.

Definite plans to participate just for the fun of singing is being encouraged to attend.

The "A" stamp will be provided and will include a wide variety of choices, suitable to many different tastes.

The choruses will present four concerts during the 1978 summer season at Wilson Park rink pavilion.

Scheduled dates are June 13, 27, July 11 and July 25. All concerts are on Tuesday evenings, starting at 8 o'clock.

Conclave here Saturday on library, information services

A regional pre-White House conference on library and information services is scheduled Saturday at Southern Illinois University at Edwardsville.

Sessions will be held in the University Center from 9:30 a.m. until 3 p.m. The keynote speaker will be Richard Calabrese of Henry College, Chicago, who will discuss "The Future of Libraries."

Twelve delegates will be elected to represent the region at the Illinois White House conference in November.

The national White House conference on library and information services is scheduled in October 1979.

Participants from eight area universities are anticipated at Saturday's conference at SIUE. The region includes Madison, Macoupin, Montgomery, Bond, Jersey, Greene and Calhoun counties and part of Sangamon County.

The conference is free and open to the public, and luncheon will be available in the University Center for \$2.50.

Driver charged after chase

James D. Wood, 28, East St. Louis, was charged by Madison police with fleeing from officers, careless driving and illegal transportation of liquor after officers chased a car with no headlights into a field early this week.

Police first saw three men in a four-wheel-drive vehicle driving in tight circles in an open field by the 1200 block of State Street.

When a squad car approached, the car drove, without headlights, onto 214 Madison Street and east to Washington Avenue. Officers alleged the car was chased from Washington Avenue and Kennedy Drive into a weeded field beside the Illinois Terminal Railroad right-of-way.

The driver allegedly threw a bottle from the vehicle and continued about a block into the field before stopping in a ditch. Police officers from Granite City, Madison and Granite City Steel security units converged in the area.

A beer bottle allegedly thrown from the car by the driver was recovered in the field and Wood was arrested. Two passengers were released without charges being filed.

Officers took Wood to the police station where he was uncooperative, loud and abusive. An additional charge of disorderly conduct was then filed against him.

FIVE TIES CUT
Five ties on two autos in the parking lot at 214 Madison Avenue were cut with a knife or sharp object, the owners discovered Tuesday. The two front tires on the car of Vicki Pulley, 2012 Burton Ave. in West, were cut from front tires and the left rear tire on the car of Leo Six, 2214 Madison Ave.

REINHARDT-Heater Sells-BETTER LIVING!

It's not easy being an uncommon woman

By BILL WINTER

Dramatic and musical productions often move ponderously because of the weight of time. They are handicapped by the changes in attitudes, expressions and customs during the decades between writing the plays and seeing them performed.

There is no such problem with "Uncommon Women and Others," a play to be telecast by Educational Television Channel Nine, KETC-TV, from 10:30 p.m. to midnight Sunday, June 4.

It is as up-to-the-minute as today's newspaper, so much so that the language and frankness for youngsters to be tucked into their beds before the program starts.

Great Performances is the Public Broadcasting Service series of which "Uncommon Women" is another, well, great performance.

The actresses are not extremely well known here, but the play will be recalled as the bride in the wedding ceremony of commercial television's "Hollywood."

The theater in America produced "Uncommon Women" was performed for State Theatre in New York in a manner similar to its production at the Phoenix Theater in New York. A few scenes added a bit of an outdoor touch, but a stage is sufficient for most of the dialogue.

Miss Streep plays Lillah, Alma Cuervo portrays Holly, Jilly Eikenberry is Kate, Swizzle Kurtz is Rita, Anna Levine is Carrie, Ann McDonough is Samantha, Ellen Parker is Muffet, Cynthia Harker is Susie and Josephine Nichols is Mrs. Plumm.

The play deals with students as they are about to graduate from Mount Holyoke, an exclusive women's college, and then as the former classmates are reunited seven years later and conversationally re-evaluate their lives.

"By the time we're 30, we're really going to be amazing," one of the bright senior girls had said on Thursday for the re-election of Governor James R. Thompson.

By the time we're 40, we're really going to be amazing," one of the bright senior girls had said on Thursday for the re-election of Governor James R. Thompson.

A narrator at the opening of the play relates that "each year, the colleges produce women who are persons in their own right."

The play's uncommon women who as individuals have the personal dignity that comes with intelligence, competence and a sense of responsibility.

The play makes it clear that life isn't a bed of roses for exceptional, witty and talented women—nor for women in general.

It isn't easy juggling career, travel, commitment and family interests. It is shown—both from the standpoint of fitting competing priorities into each day's 24 hours, and from the aspect of sorting out one's thoughts and emotions so that the individual has accurately understanding and acting upon her own feelings and wishes.

Kate is a corporation lawyer. Samantha is a housewife and mother, Holly a perennial student. Muffet an insurance company boss and Lillah a would-be writer.

They recall their campus life—in dormitory rooms, in the communal living room and during afternoon tea-and-sherry.

Some are conformists and some are rebels. But all have ambitions and dreams that when a woman's college days are over, she must face the realities of college days and life choices.

The world presents difficult choices, and perhaps especially for women in the 1970s.

Kate is a corporation lawyer. Samantha is a housewife and mother, Holly a perennial student. Muffet an insurance company boss and Lillah a would-be writer.

GC firemen commended

The Granite City Fire Department was commended today by Lieutenant Colonel James J. Howard, commanding officer of the Granite City Army Installation, for quickly responding with assistance to an apartment blaze on the Army base at 4:40 p.m. Wednesday.

Pumpers and ladders from the main and West Granite fire stations responded to a call for assistance from the firelighting station installation when a grease fire occurred in an apartment occupied by Warrant Officer Younk and quickly spread through the kitchen to the living room.

Damage to the quarters was estimated at \$500.

Col. Howard was just leaving his home on the base when the blaze ignited. "I didn't realize how fast a fire could spread or how quickly a department could respond," he said this morning.

The Army officer noted the firelighting station arrived within three minutes, almost simultaneously.

"The fire department arrived so fast, we probably would have lost the entire building," the base commander said.

Freeman was driving the cycle when an oncoming purple Cadillac turned left in front of the unit, causing Freeman to swerve and crash on his side about 30 feet before hitting a curb and flipping over.

Freeman was unconscious, suffered head injuries, including a serious cut to his forehead, and abrasions to his back, both arms and both legs. He was treated at St. Elizabeth Hospital before being transferred to the St. Louis hospital.

Miss Burcham, a passenger, suffered abrasions to both arms, both knees, her right shoulder and her right side and a head injury.

News notes

The Mississippi River Festival will open its 1978 season at 7:30 St. Louis night with the Marshall Tucker band in the spotlight. Site is the SUEB stadium and adjacent hillside.

Non-swimmers aged six and over may learn to swim in sessions next Monday through Friday, June 5-9, at the YMCA, 200 Street and Edgemoor Avenue.

Several hundred are expected at the first Republican rally in Madison County of the summer campaign period. It will be held from 2 to 5 p.m. Sunday at the Dorsey Community Building.

2 injured in cycle mishap

Donald Freeman, 27, of 2028 Russell St., in First Designe Deshamp, 41, of 2166 Cleveland Avenue, was admitted to St. Elizabeth Hospital after the motorcycle they were riding fell over on the corner of Madison Avenue at Third Street at 8:05 p.m. Tuesday.

National Steel Corporation's Granite City and Midwest divisions have been ruled ineligible by the U.S. Labor Department for workers to apply for trade adjustment assistance. The program aids those unemployed or underemployed due to increased steel imports.

A study "revealed that average hourly employment at Granite City increased from 1975 to 1977 and in each quarter of 1977 compared to the same quarter of the previous year."

The U.S. Supreme Court yesterday approved unanimous searches of newspaper offices to get criminal evidence.

HURT ON MOTORCYCLE
A 21-year-old, 38, of 1077 Hillside, was admitted to St. Elizabeth Hospital early this week after being injured in a motorcycle accident near Centerville. He suffered injuries to his back, nose and right elbow.

Pedestrian hurt
Mrs. Alma Adams, 31, of 2408 State St., was injured when she was struck by the auto of Mary Yob, 221 Edwards St., while crossing Madison Avenue at Niedringhaus Avenue at 4:15 p.m. Wednesday.

Yob was walking toward St. Elizabeth Hospital when the traffic lights changed and the auto made a left turn into a southbound lane of Madison Avenue when the accident occurred.

Stolen car burned
The auto of John W. Hobbs, Stuttgart, Ark., was found burned in a ditch near Route 162 at 11:50 p.m. Wednesday. Police checked and towed the car to the station from Pine Bluff, Ark. Parts of a highway flare were found near the car.

Many unions backing Gov. Thompson

To the Editor:
I wholeheartedly cast the support of 18 downstate local unions on Thursday for the re-election of Governor James R. Thompson.

In bringing all of my brothers and sisters in organized labor to follow suit and endorse the re-election of Jim Thompson as Governor of Illinois.

The 18 locals in central and downstate Illinois will provide financial support as well as manpower in seeking the re-election.

The governor is a man of his word. He has done a job for all segments of the society in Illinois and has kept his word to labor.

Gov. Thompson has said that he is proud to receive the support and the endorsement of the 38,000 men and women who are members of downstate teachers unions.

"Combined with the overwhelming show of support that was offered May 24 from ten top union leaders in the Chicago area, I know that the 78 public and from the women of both parties, of labor and management, who support me," Thompson said.

The labor leaders in Chicago had voted to organize a Labor for Thompson committee to work for the governor's re-election. Included in the committee are:

Louis F. Peick, president of Joint Council 25, International Brotherhood of Teamsters.

William S. Martin, president

and business manager, Local 150, International Union of Operating Engineers.

Charles F. Albrecht, business manager and president, Local 399, International Union of Operating Engineers.

Bernard Puchalski, president of the Iron Workers District Council of Chicago and vicinity.

Milton Holtzman, secretary-treasurer of the Carpenters Union.

Eugene P. Moats, president, General Service Employees State Council.

Irving Kurash, president, General Service Employees Union, Local 73.

Harry Kurshenbaum, business manager, General Service Employees Union, Local 73.

Service Employees Union, Local 73.

Russell Dolce, business manager, Local 42, Chicago Dining Room Employees, Cooks and Bartenders Union.

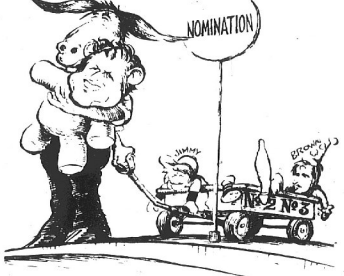

John Serpico, president, Central States Council.

The labor leaders endorsing Governor Thompson represent nearly 450,000 union workers in Illinois.

BILL BOUNDS, president, Illinois Conference of Teamsters.

Don't rush into ERA ratification

To the Editor:
A recent letter concerning "the wills and won'ts" of the Equal Rights Amendment soundly refuted the arguments of those who would rush into ratification of the ERA in 1972.

However, the opinions of neither the writer nor myself will carry any weight once the ERA becomes part of the U.S. Constitution. It will then become subject to the interpretation of the Supreme Court.

Sen. Sam Ervin attempted in the Senate to add modifications to the proposed amendment which would protect and preserve special privileges and rights of women, such as compulsory combat duty. All were soundly defeated by the Senate.

IFERA is passed, sameness of

treatment, with no regard to sexual difference under any circumstances, is the mandate of ERA as Congress intended it. Many of the 30 states which ratified ERA in 1972 did so rather quickly, many without public debate or committee action.

Hawaii ratified within hours after Congressional passage. How could there have been any voter input?

Nebraska was the second state to ratify in March 1972 but has since rescinded as have Tennessee, Kentucky and Idaho.

I am proud that Illinois did not rush into ratification of an amendment that would affect the future of every man, woman and child.

In 1977, when the Illinois

House defeated ERA, Rep. Donald E. Duester (R-Mundelein) coordinated the opposition, including four female legislators who all spoke in debate.

After studying conclusions by the experts in constitutional law and the desires of their constituents, they contended the ERA to be "unnecessary, inflexible, harmful, ineffective and unpopular."

Rep. Duester recalled that President Abraham Lincoln believed there was good and evil in all legislation, and we must be judicious in determining which predominates.

We should be grateful Illinois legislators have done so.

MRS. CAROLYN M. LEANOR, Granite City Chapter Eagle Forum

Timely school screening program

To the Editor:
In October 1977, our school district, Mrs. Stalecker's school observation, Mr. Kopp and the excellent doctors at Shriners Hospital, we found out that Bobby has scoliosis of the left side at 10 degrees. Eighteen to 20 degrees constitutes wearing a brace until age 18 for 23 hours a day.

Bobby is 11, and thanks to everyone's efforts, he does not have to wear a brace because of detecting the scoliosis at an early age.

I want to thank Vasil Eftimov and Dr. Duray for approving this program and giving permission to our nursing staff to have a workshop and screening test.

Nurse Stalecker's diagnosis was the same as the doctor's, and Shriners Hospital has some

of the top physicians in the world on their staff. I have asked the Board of Education to accept my deepest thanks and gratitude for everyone involved, at Bobby and myself suffered great anxiety, of course after learning about the screening test.

Scoliosis, a crippling disease, could change the course of a child's life. However, with the new program in our school district, it can be altered before it's too late.

Bobby's last comment at the hospital was, "I sure am lucky, especially after seeing all those crippled kids."

Also, he thinks Mrs. Stalecker is really a nice lady and that she's just a "regular person."

There was a woman here who had a cause which she served with all her strength. Her efforts resulted in an amendment to the United States Constitution.

Saved defenseless, unborn children

To the Editor:
On May 31 had the honor and pleasure of meeting for the first time Father Edwin Arensen and joining him in picketing.

In the course of the day, this good and dedicated man succeeded in saving the lives of two otherwise-defenseless unborn children, whose mothers were within a few short steps of surrendering them.

The force of Fr. Arensen's passion and conviction brought the unfortunate women to their senses in the nick of time and to the very brink of catastrophe.

In snatching the children away from the grasp of others, Fr. Arensen in effect also

snatched about \$400 away from others' bank accounts.

For this he is feared and hated with an evil passion which is almost as strong as his own passion for good.

Make no mistake about it. Abortion is big business. I believe that behind the smokescreen of pseudo-humanitarian rhetoric, abortionists are only in it for the money.

They no doubt resent the fact that they now feel they have to pay a full-time man, due to a growing body of citizens.

This new development shows that some may intend to get tough with any and all who threaten to reduce their supply of patrons and, hence, of money.

Let a dozen or a hundred picketers join Fr. Arensen every day and see what an impact will be made.

As more lives are saved, enthusiasm will build, and determination will solidify. Perhaps, some new leader will emerge who can carry the cause on to victory.

There was a woman here who had a cause which she served with all her strength. Her efforts resulted in an amendment to the United States Constitution.

Concludes it's a mad, mad world

To the Editor:
A funny thing happened to me on my way to jail. As I was being chauffeured there in the police car, I said, "I don't think I am a criminal. But I think there are real criminals in Granite City."

The policeman said, "I agree with that." So, why was I arrested?

I stopped at the jail a few days ago. I asked to see my former cellmates.

They told me at the Madison County Jail, "No Ex-Convicts."

Critical of upkeep

To the Editor:
On Sunday, May 21, I was in Sunset Hill Cemetery to plant a few flowers. I was amazed and astonished to see the condition of the cemetery.

Weeds, grass, etc., were more than 50 years and never before has it been in such condition.

The condition cannot be excused due to the weather. The grass was properly cut around the office and over in Calvary Cemetery. So, proper care can be given.

I am also concerned about the use of shoveling equipment near graves, cutting of ivy, and other charges.

MARGUERITE BERNGER, 2825 Ralph St.

But then, when you think of money being paid for the killing of a woman, you know you know it's a mad, mad world."

Edwards-Batson wedding

The wedding of Miss Margaret Batson, a daughter of Mr. and Mrs. Paul Batson, 2819 Roosevelt Ave., and Lynn A. Edwards, a son of Mr. and Mrs. Clay Edwards, 3023 Myrtle Ave., was solemnized on May 27, at Central Christian Church, 2020 Johnson Road.

Performing the double ring ceremony at 7:30 in the evening was the Rev. Dennis Rutledge. Maid of honor was Miss Marie Batson, a twin sister of the bride.

The groom chose his brother, Mark Edwards, as best man. Immediately following the service a reception was held in the home of the groom's parents.

The former Miss Batson attended South High School. Her husband is a South High School graduate and is employed at Granite City Steel. They are residing in Granite City.

MR. AND MRS. LYNN A. EDWARDS. They were married in an evening ceremony at Central Christian Church. Formerly Miss Margaret Batson, the bride is a daughter of Mr. and Mrs. Paul Batson, 2819 Roosevelt Ave.

Cathy Faulkner becomes Mrs. Richard L. Gaines

Miss Cathy D. Faulkner, a daughter of Mr. and Mrs. James J. Faulkner, 2147 Waterman Ave., and Richard L. Gaines, a son of Mrs. Betty Gaines, 2805 Yale Ave., and the late William Gaines, were united in marriage on April 22, at the First Church of the Nazarene.

Officiating at the double ring candlelight ceremony at 7 p.m. was the Rev. William Roddy. Soloists and accompanists were Mr. and Mrs. Alan Bogovich, Pam Lewis and Debbie Milton. Selections were "God, Woman and Man," "Heather," "Colour My World," "The Wedding Song," "You Light Up My Life" and "The Lord's Prayer."

For her wedding, the bride selected a full length white organza gown designed with a fitted bodice, high neckline and bishop sleeves, accented with Chantrelle motifs.

The bouffant skirt was created with tiers of organza ruffles edged with wide bands of lace, and extended into a chapel train.

Her fingertip veil, bordered with matching lace, was attached to a lace Juliet cap, etched with seed pearls and she held a cascade of natural dried flowers and silk apricot roses tied with streamers.

Robin Rodgers was honor attendant and Judy Bogovich, Ginger Faulkner, a sister, served as bridesmaids.

They chose long apricot polyester dresses fashioned with high necklines traced with Venise lace, sleeveless bodices and A-line skirts complemented

with long sleeve jackets. Each attendant carried a plateau basket of dry flowers and silk apricot roses with satin streamers.

The flower girl, Jennifer O'Brien, was dressed in a long apricot frock designed with short puff sleeves and a tiered ruffled skirt. She carried a basket of rose petals.

Brian Ames was the ringbearer. Cara Embick and Eric Gaines served as miniature bride and groom. She wore a white gown identical to the bride's dress.

Attending the groom as best man was Eugene Doyle. Groomsmen and ushers included Terry Peach, Paul Moenhege, John Kozar, Gary and Michael Gaines, brothers of the groom, and Tim Faulkner, the bride's brother.

The newly married couple received guests at a reception held at St. John United Church of Christ. Attending the guest book was Charlotte Palmer, a cousin of the bride.

Mrs. Faulkner, mother of the bride, was attired in a apricot polyester Empire style gown and the groom's mother, appeared in a long silver blue dress with a full gathered skirt. Both wore corsages of silk roses.

Both young people are graduates of South High School. The bride is employed at AAA Credit Service, and her husband works as an EMT for the Granite City Fire Department. They are residing in Granite City after a wedding trip to Missouri.

Other members present were, Phyllis Pickler, Arlene Haldean, Irene Haischer, Pat Uznoff, Gladys Wallace, Shirley Brown, Juanita Craycraft, Lucy Stucke, Priscilla Veach, Martha Rochester, Catherine Wittengel, Marge King, Candy Kawula, Dorothy Larner, Helen Favier, Helen Toncoff, Millie Chandler, Nancy Rosales, Wanda Page, Alice Campbell, Friea Andrews, Aileen Smith and Sonya Ohanisan.

Secretaries install Mrs. Norma Roney

Installation of officers for the Granite City Association of Educational Secretaries was held last week in the conference room of the Board of Education office.

A covered dish dinner preceded the meeting, attended by members and guests Tammy Keeton, the 1978 scholarship nominee of the group, and her mother, Mrs. Delores Keeton.

After dinner a candlelight ceremony was conducted for the newly elected officers with each one holding a different color candle, denoting a symbol of her office.

The retiring president, Mrs. Lucille Caban had a gold candle which stands for service and loyalty, and the 1978-79 president Norma Roney held a red candle.

Treasurer Zoe Mitchell had a blue candle, Vivian Hillen, corresponding secretary and Marge Burdge, recording secretary, both held yellow tapers, and Berta Milianis,

vice-president, was given a pink taper.

After the ceremony Mrs. Caban was presented with a past president's pin, and Mrs. Irene Karlechik, who is retiring as secretary from Stallings School, was given a plaque for her years of service. Pauline Aufderheide expressed appreciation for her plaque received after retiring from Marshall School, earlier this year.

Other members present were, Phyllis Pickler, Arlene Haldean, Irene Haischer, Pat Uznoff, Gladys Wallace, Shirley Brown, Juanita Craycraft, Lucy Stucke, Priscilla Veach, Martha Rochester, Catherine Wittengel, Marge King, Candy Kawula, Dorothy Larner, Helen Favier, Helen Toncoff, Millie Chandler, Nancy Rosales, Wanda Page, Alice Campbell, Friea Andrews, Aileen Smith and Sonya Ohanisan.

Homemakers honor Trio for recruiting

Orville Brown, director of public relations for Lewis and Clark Community College, provided the program for 60 women at the annual new member tea of the Madison County Homemakers Extension Association.

Brown's motivational program stressed positive communication techniques to apply to any situation to make efforts more effective.

"Together We Grow" was the theme for the afternoon at the First Baptist Church in Edwardsville. Ruth Ann Johnson, Worden, county second vice-president in charge of membership, presided.

Mrs. Johnson welcomed the women and introduced the Homemakers Extension board, Extension advisers and past presidents. The latter were special guests.

Short discussions on the adult and 4-H and Youth Extension programs were given by Shirley Stahlhut, Edwardsville, president-elect of the association, and Extension Advisers Catherine Mauck and Marcy Baumgartner.

A traveling silver cream and sugar set was presented to the

Trio Unit for getting the most new members during the March-April membership drive. Helen Miller, Granite City, accepted the award for the group.

Guests were served from a tea table decorated with spring flowers. Past presidents assisting at the table were Clara Long, Edwardsville, and Mildred Dresch, Alhambra.

'Super' bus pass offered to teenagers

Young residents of the metropolitan area age 19 and under will again be able to purchase \$1 weekly "Superpass" bus passes this summer, Bi-State Development Agency Executive Director Barry M. Locke has announced.

The first Superpass, valid for the week of June 12-18, will be available at most regular Bi-State weekly pass outlets in Missouri and Illinois beginning Monday, June 5.

Superpass, now in its third year, has introduced thousands of young people to public transportation.

Once purchased, the pass entitles the holder to an unlimited number of rides on regular Bi-State local, Rapid, Express, Shopper Express and Orbit buses without having to pay base fares or additional zone or transfer charges.

Superpass is not valid on Bi-State special service routes: the Forest Park Summer Swinger, Race Track Express, Muni Opera Express and Six Flags Express.

More than 111,000 of the weekly passes were sold last summer, and Locke said considerable interest has been expressed to the Bi-State Agency for continuation of the program.

"Superpass has proven to be especially popular among young people commuting to and from summer jobs or simply wishing to explore the bi-state area," Locke said.

"We feel it is also an important investment in the future of area transit, as we show the potential daily rider of the 1980s and beyond the ease and convenience."

For information regarding Superpass, Quad-Cityans may call Bi-State at 875-4144.

Fiction course

SUE will offer an evening course in creative writing during the summer quarter.

Creative Writing — Fiction I (ENG 392-4) classes will meet Mondays and Wednesdays from 6:30 until 8:20 p.m. Instructor will be Lloyd Kropp, assistant professor of English language and literature.

Students will be introduced to basic techniques in writing fiction. As part of their coursework, they will be required to write several short exercises as well as one short story. There are no examinations.

Kropp has published two works of fiction and is nearing completion of his third novel, "The Drift" and "Who Is Mary Stark?" were published by Doubleday. "The Drift" is an adventure-fantasy and his second novel, "Who Is Mary Stark?" is a psychological thriller.

In his creative writing classes at SUE, Kropp emphasizes discipline and freedom. Preferring to teach on a personal level rather than as a lecturer, he said students discover their own creativity, "but they also need to learn the techniques that most shape that creativity."

Additional information may be obtained by contacting the department of English language and literature at 692-2060.

SPIRIT DAY PARADE heads south towards Frohardt School last week after more than 470 students paraded for several blocks along Wabash Avenue. The annual parade is one of the highlights for

\$14,000 storm damage at Parkview, Grigsby

Ron Landman, maintenance superintendent for the Granite City schools, has estimated that Saturday's storm caused an estimated \$14,000 damage to two schools.

Parkview School sustained about \$8,000 damage as winds lifted the roofing paper from the entire gymnasium roof and water seeped through onto the tile floor.

He said crews vacuumed the floor Saturday and Sunday and he believes they avoided permanent damage to the floor.

At Grigsby Junior High School on Cargill Road, about 1,000 square feet of roofing was lifted by the winds, some skylights were broken and water damaged the hardwood floor, Landman said.

"We will have to wait and see

how badly the hardwood floor buckles. If it is not too bad, we might get by with some sanding of it and damage will total about \$6,000."

"We have fans on the floor drying it, but it will take some time before we know how badly it was damaged. It may be necessary to replace part of the floor," he stated.

He said plastic was placed over both schools' roofs Saturday evening which prevented additional water getting into the schools during Sunday's storm, and felt roofing was being put in place this week as a temporary measure.

"We will just go ahead and bid the new roofs in the normal manner, rather than repair

them on an emergency basis," Landman said.

"One thing that surprised me was that the wind at the schools came from two different directions, although the schools are close together. We may have had something like a miniature twister. There were some trees knocked down near Parkview and some other damage in the area."

The schools are slightly more than a mile apart, "as the crow flies," and Landman said the way the roofs were blown in indicates that the wind at Parkview came from the east while the winds at Grigsby were almost directly from the south.

2 honored for music ability

Frohardt 4th graders earn money for children of India

Frohardt School fourth graders taught by Mrs. Sidney Masie have raised \$70 and donated it to Unicef to help the children of India.

In the class room there is a suggestion box in which students may drop notes about things they would like to talk about or learn more about.

Fridays generally are used to review the contents of the suggestion box.

One of the suggestions said "Let's do something for other children before the end of the year."

The 9- and 10-year-olds then discussed who they should help and why.

After considering numerous charitable organizations and studying various countries, the children felt that the boys and girls of India need help.

Committees were formed and other students were invited to their room for an auction, bake sale and talent show. Items at the auction sold for as much as ten cents.

The children also sold cup-

cakes and put on demonstrations in judo, disco dancing and presented a guest violinist.

Participating students were Dean Atchison, Loni Balhorn, Dianne Bonilla, Danny Bunker, Melissa Burt, Jody Cline, David Conway, Patricia Donojan, James Drago.

Ricky Hammond, Ragla Herrin, Vickie Kimbrell, Juli Kinder, Sharon Lindsey, Gary Mann, Richard Maykopfer, Richard Mendoza, William Moore.

Vance Morgan, Michelle Neal, Diane Oliver, Bob Pyle, C. Thomas Robinson, Jeanne Sellers, Glen Sprankle, Timothy Stanton, Kristine Toussaint, Beth Werts, Daniel White and Dawn Wilson.

LYRIC SOPRANO ERIE MILLS is singing the role of Britomarte in Martin Y Soler's opera, *The Tree of Chastity* (L'Arbre de Diana), which is making its American premiere this season at the Opera Theatre of Saint Louis. Remaining performances of the opera are tonight, June 7 and June 9 at the Loretto-Hilton Theater of Webster College, St. Louis. Now living in Houston, Tex., Miss Mills is staying during the season with her mother, Mrs. J. B. (Lula F.) Mills of Granite City.

Opera singer Erie Mills appearing in St. Louis

By VALERIE EVENDEN
Press-Record Staff Writer

Erie Mills, a well known name to music lovers in the Quad-City area, is singing the role of Britomarte in the American premiere of Vicente Martin Y Soler's opera, *The Tree of Chastity* (L'Arbre de Diana), at the Loretto-Hilton Theater at Webster College, St. Louis.

Colin Graham, world renowned stage director, is directing the production for the Opera Theatre of Saint Louis. Performances are scheduled at 8 p.m. (June 1), Wednesday, June 7 and Friday, June 9. The opera also was staged May 27 and Tuesday night.

During the current opera season, Miss Mills is staying with her mother, Mrs. Joseph B. (Lula F.) Mills, 2104 Cottage Ave.

She now resides in Houston, Tex., where she sang the roles of Nannetta in *Falstaff* and Zerkina in *Arabella* with the Houston Grand Opera in February this year and November 1977.

The Opera Theatre will conclude its 1978 season next week with "Night at the Opera" gourmet buffet dinner preceding certain performances.

Both the June 7 and June 9 performances of *The Tree of Chastity* will be preceded by a Spanish meal, costing \$15.50 per person, which features preferred parking, cocktail, dinner and an opportunity to meet with the opera cast, directors and musicians after the show.

Cost of admission to the production is extra. Tickets for dinner are limited to 80 persons each night.

Reservations and tickets may be obtained by calling the Opera Theatre box office, at 314-961-0644, Monday through Friday from 9 a.m. to 6 p.m.

French cuisine will be served prior to *La Boheme* on Tuesday, June 6, and the Albert Herring Opera on Thursday, June 8, and Saturday, June 10, will be preceded with an English dinner.

La Boheme also will be presented Saturday, June 3, and Albert Herring on Friday evening, June 2.

A graduate of Granite City High School South, Miss Mills received a master of music degree in 1977 from the University of Illinois at Champaign-Urbana, and a bachelor of music degrees from the College of Wooster, Wooster, Ohio, in 1975.

Wednesday's performance of *The Tree of Chastity* will be taped for national broadcast by the National Public Radio, as part of a series of recordings of operas by important, though sometimes little known, composers.

Martin Y Soler's opera rivaled his contemporary Mozart's

Marriage of Figaro when they were first performed in Vienna in the 1780's.

The recording of *The Tree of Chastity* will be broadcast over 207 noncommercial radio stations late this summer, according to Fred Calland, a National Public Radio commentator.

Calland says those attending the June 7 taped performance will hardly notice the taping process and need not worry about technical distractions.

The diminutive opera singer from Granite City is only five feet, two inches tall and weighs a mere 110 pounds.

Her lyric soprano voice has thrilled audiences, both locally and nationally, for several years and she has accrued a long list of accomplishments to her credit, although just 24 years old.

She was awarded a National Opera Institute grant to young singers in January 1976, and won first prize in the MTNA National Collegiate Competition in March 1977.

In addition to her roles in *Falstaff* and *Arabella* with the Houston Grand Opera, her professional career includes performances in *Don Pasquale*, singing the part of Norina, and in the role of Frasquita in *Carmen* at the Lake George Opera Festival last July and August.

Miss Mills appeared in Illinois Opera Theatre productions in March 1977, singing the part of Adina in *L'Elisir d'Amore*; in December 1976 as Lucretia in *Gianni Schicchi*; as Nellie in *Summer and Smoke* in November 1976.

Appearing as Anne Trulove in *The Rake's Progress* in May 1976; singing the part of Abigail Williams in *The Crucible* in March 1976; as in the role of Musetta in *La Boheme* in October 1975.

She presented a solo recital at Eastern Kentucky University at Richmond, Ky., in April 1977, and appeared in *Carmina Burana* at Western Illinois University at Macomb in February 1977.

Her career in musical opera started in 1970 with the St. Louis Muni Opera in Forest Park, where she was part of the singing and dancing chorus until 1975.

She played Chava in *Fiddler on the Roof* in the Muni Opera's 1973 season and Sister Berthe in *The Sound of Music* the same year.

Miss Mills repeated her performance as Chava in "Fiddler" at the Dallas (Tex.) Summer Musicals series also in 1973.

In the Muni's 1975 season, she appeared as Jenny in *Funny Girl* and Nimue in *Camelot* productions.

She also was understudy for the role of Carrie and a member of the singing chorus in *Carousel* at the Kansas City

Starlight Theater in 1975.

The Granite City singer won second prize in national competition for the NATS Artist Award in 1976 and was the St. Louis Regional finalist in MEROLA competition at San Francisco in November that year.

With the libretto by Da Ponte, *The Tree of Chastity* is called an "amusing romp" by critics.

The opera's presentation here is attracting many people from throughout the country to this first U.S. performance. Richard Gaddes, Opera Theatre of Saint Louis general director, said.

In the cast with Miss Mills are John Aler, Elizabeth Hynes, Ronald Raines and Sunny Joy Langton.

An important landmark in Opera Theatre's history was reached during the current season with the St. Louis Symphony Orchestra playing for all performances.

All of the operas this season are being sung in English. Claude White is conducting for *The Tree of Chastity*. Sets were designed by John Kavelin and John Sullivan is the costume designer.

Britten's opera, *Albert Herring*, which will complete the season's repertory, will be video-taped for television by WNCN-TV 13, New York, in association with BBC-TV, London, for international telecast. Gaddes said.

Opera Theatre of Saint Louis is a member organization of the Arts and Education Council of St. Louis and receives assistance from the Missouri Arts Council.

Cincinnati champs — Granite City's VFW

Two-time state high school soccer champions and going for the third title in a row in 1978, Granite City's boys even hope to make it eight or ten in succession, judging by the quantity and quality of pre-teen and teenage soccer competition here.

An example is the Veterans of Foreign Wars team, a well-dressed unit that was playing together as five-year-olds in 1971 and is still active as a group at the ripe old age of 12 or 13.

The VFW players' cumulative record this decade is 137 wins, five losses and five ties.

Proud Coach Roger Levin was smiling wider than ever after a new championship game victory Monday.

In a mammoth Cincinnati tournament during the Memorial Day holiday weekend, the local team topped an Ontario, Canada, squad 1-0 on Tim Dean's goal and then turned back Acropolis, Ohio, 3-2 as Brian Levin tallied twice and

In search of the real America...

Ben Wattenberg has examined the American spirit and found it healthy. Called cheerfully pugnacious and blatantly optimistic, he "tweaks the noses" of doom-sayers and crisis-mongers on a 13 part series, "In Search of the Real America," at 6:30 p.m. Saturdays, premiering June 3 on Channel 9.

Joining Wattenberg in this season's new programs are U.S. Senators S. IL Hayakawa and Henry Jackson, Commentary Editor Norman Podhoretz, former CIA chief Richard Helms and American Federation of Teachers President Albert Shanker.

Together, they seek to provide a lively challenge to some dearly-held convictions about population, environmentalism, labor, the CIA and other social and political issues.

The first three programs in this year's series make up a trilogy that Wattenberg, in a characteristic, no-holds-barred style, calls "The Enemies of Growth."

The issue of population growth is confronted in the first program, "The Bomb that Failed."

"If Americans believe the horror stories about population growth," Wattenberg believes, "we're going to be spending a lot of time looking in the wrong places for solutions to real problems."

American over-consumption is the theme of the second program, "The Pig of the World" (June 10), in which Wattenberg & Co. assert that the U.S. helps — not harms — developing nations by using their resources.

A guest critic, former Interior Secretary Stewart Udall, expresses fears of economic expropriation and limited resources.

Hackmann heads Anderson board

John S. Hackmann has been re-elected as president of the Board of Trustees of Southwestern Illinois Health Facilities, Inc., which operates the Anderson Hospital.

Maryville Hackmann is senior vice president of Illinois Federal Savings & Loan, East St. Louis, and resides in Belleville.

Other officers elected for the coming year are Frank Flanagan of Edwardsville, senior vice president-planning; William J. Jester of Collinsville, vice president-finance.

H. E. Littlefield of Belleville, vice president-building; H. Bruce Brubaker of Edwardsville, vice president; Vivian Kraft of Collinsville, vice president.

Carol Hackmann of Belleville, secretary; Miled Belohradsky of Collinsville, assistant secretary; R. M. Bagwell of Waterloo, treasurer; and Jack Murphy of Fairview Heights, assistant treasurer.

New trustees elected to the hospital board are Albert Cassens of Edwardsville, Walter Feder of Collinsville, and Melvin Roustio Sr. of Collinsville.

Geo. St. Clair dies at 62

George St. Clair, 62, of 3008 E. 22nd St., died last night at 5:45 p.m. Wednesday at St. Elizabeth Hospital where he had been a patient for two days.

He was born in Hoxie, Ark., and resided in Granite City nine years.

Survivors include one sister, Mrs. Marguerite Anderson of Collinsville.

Funeral arrangements are given in the obituary column.

APPRECIATION BANQUET honoring students and employers involved in the Granite City School District's Off-Campus Education Program attracts a crowd of 416 diners. The smorgasbord affair took place in the North High School cafeteria. The Off-Campus program enables the junior and senior high school

student to gain experience in various job opportunities while continuing a high school career. Several hundred students take part in the program, which includes Extended Classroom courses at St. Elizabeth Hospital and Granite City School of Beauty Culture.

COORDINATOR for Career Education in the Illinois Office of Education, Donna Martin, addresses students, employers, school board and advisory council members, administrators and guests at the annual Off-Campus Education banquet. The guest speaker is responsible for coordinating all Career Education activities for Illinois schools and is director of a United Office of Education project in Career Education for Illinois. At right is Don Shaffner, coordinator of the Granite City Off-Campus Education Program.

AREA EMPLOYERS are commended by B. J. Davis, Granite City superintendent of schools, for continuing to support the Off-Campus Education Program by hiring student employees. The occasion was the annual appreciation banquet at North High School. From left to right are Thomas C. Holloway, Granite City director of Industrial Arts, Vocational and Career Education, Donald Stucke, president of the Granite City Board of Education, Julie Ahning, Off-Campus Advisory Council president, Supt. Davis, Lori Pendergast, a Cooperative Education student, and Gilbert Wainsley, North High Principal.

SOCCER CHAMPIONS. Veterans of Foreign Wars Post 1300 athletes pose Tuesday with trophies earned in capturing the championship of a big Cincinnati tournament Monday. Kneeling, left to right, are Phil Dudak, Ben Nolan, Greg Levin and Rufus Valencia. Standing,

from the left, are Charles Miles, Bryan Pithers, Bryan Fitzgerald, Dominic Griffin, Coach Roger Levin, Rich Branning, Daren DePew, Tim Dean, Monte Kessler, Jim Burton (in front of Kessler), Steve Trittschuck and Brian Levin.

Bus drivers will compete

More than 60 Bi-State Development Agency bus operators from the two-state area will meet "head-on" in professional competition at a modern-day "bus rodeo" on the Checkerboard parking lot Saturday, June 10, and Sunday, June 11.

The competition is the third annual rodeo held by Bi-State. Operators compete for cash prizes and the opportunity to take part in the American Public Transit Association's national rodeo, to be held this year at Toronto, in September.

The public is being invited free-of-charge to the bus "bronco-busting" event, starting at 8 a.m. on June 10 and 9 a.m. on June 11.

Each "bronco-buster" will start off with a chance to accumulate a total of 500 points.

The competition consists of a written safety test, an inspection of the bus by the driver, judging of the operator's personal appearance, and a driving skills test in which each participant manipulates his or her 10-ton vehicle over a test track under the watchful eyes of timers.

2 boats stolen

Two boats, valued at \$4,000 and \$2,000, were reported stolen from individuals in Granite City Tuesday night or early Wednesday.

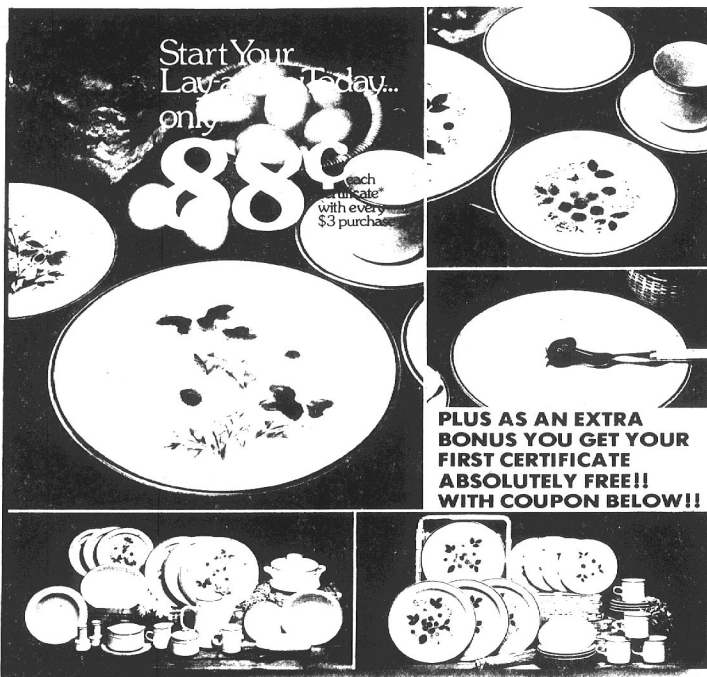

Willis Lynch, 800 Twenty-fifth St., reported yesterday that a 17-foot fiberglass boat with a 115-horsepower motor and a home-made trailer were removed from his yard. The total value was estimated at \$4,000.

Charles Rousseau, 1403 Grand Ave., said a 16-foot aqua blue runabout with a 110-horsepower motor and a trailer was stolen from beside his home. He estimated the value at \$2,000.

MOTORCYCLE STOLEN

The red Kawasaki motorcycle of Donald Bernaux, 2300 W. 24th St., was stolen from his home, he discovered at 2:15 p.m. Tuesday. The cycle has chrome fenders and is valued at about \$600.

Sanitary district renews land leases

The Metro-East Sanitary district approved a new land lease in a meeting last week in what board officials described as a program to reinstate control over land it owns in Madison and St. Clair Counties.

The lease, the second approved by the board, was for 55 acres of land near the South pumping station in Cahokia.

A. Wendell Wheadon, executive director of the district, said new leases are expected to average about \$30 an acre, although some adjustments downward probably will be made for some land that is in poor condition.

In recent years, land owned by the sanitary district, but not in use by the district, has been farmed by persons who either obtained leases with the

district, or took over the land without a lease.

Wheadon said no recent surveys have been made of the land, but that checks will be made and leases obtained for its use.

The board Thursday also received a report from the U.S. Army Engineers in an inspection of the district. Wheadon described the report as "most complimentary."

Easements for the Illinois Department of Transportation for construction of Interstate 270 through the district, also were approved.

3rd man arrested in burglary case

Richard Allen Sears, 22, who said he has no permanent address, was arrested in the 3400 block of Kirkpatrick Homes last week on a warrant alleging burglary.

Sears is the third person arrested in connection with a burglary May 15 at the home of Sue Womack, 2422a Madison Ave.

A stereo and portable television were stolen from the home and the victim later located one man in the 3500 block of Kirkpatrick Homes and alleged he was involved in the theft. The television was recovered at that time.

Belleville. Shows are scheduled for 7:30 p.m. on June 7, 8, and 9, at the Tri-City Speedway here, and on June 3, 4 and 5 at the Belle-Cair Fairgrounds in Belleville.

Cyclist hurt

Richard Jones, 23, of 2413 Sunbury Ave., was injured when his motorcycle fell on Maryville Road at St. Clair Avenue Monday.

Jones said he was southbound on Maryville Road and when he tried to stop for the stop sign at St. Clair Avenue, his cycle skidded and fell, dragging him. He was taken by Granite City ambulance to St. Elizabeth Hospital where he was admitted for abrasions to his face, nose, left shoulder and elbow and possible head injuries.

Chorale auditions

The SIUE Concert Chorale, which will be in its 14th season during the 1978-79 academic year, will hold auditions through Friday.

Leonard Van Camp, director of choral activities at the university, said the chorale, which toured Europe in 1971 and 1974, is currently planning another tour there this summer. It is made up of 60 students from

all areas of the university student body.

Students who are selected must enroll for all three academic quarters (fall, winter and spring) and attend all daily rehearsals of the group, taking part in the concerts and tours. Rehearsals are held Monday through Friday at 11:30 a.m.

Among factors considered in selection of Chorale members are musical ability, previous experience and attitude.

"Especially important is the matter of interest, dedication and desire to be in such a group, together with dependability and a willingness to work hard in rehearsal to achieve excellence in performance," Van Camp said.

The audition does not require any prepared solo and takes only about 15 minutes. An ability to sing "Home on the Range" will help the director check the range and quality of the voice, Van Camp said.

The director said that while some of the members of the group are outstanding soloists and music majors, many of the singers come from other disciplines and have only modest vocal endowment and music reading experience at the beginning of the season.

Any student interested in auditioning for the Chorale may call Van Camp at 692-3590 to set up an audition time. Auditions will be held in Room 0178 of the Communications Building.

Benton burglary

A pouch containing silver coins and foreign money, a clock radio, a tape player and a metal security box containing \$100 cash were stolen during a burglary at the home of Lance Parmley, 2151 Benton St., between 10:30 p.m. Thursday and 1 p.m. Saturday.

The security box was found at 1:15 p.m. Saturday in a trash can behind a home in the 2800 block of Buxton Avenue. It has been opened with a knife, which was found broken inside the box. The money had been removed.

Entry to Parmley's home had been gained by removing the molding from around a window in a door and then reaching through to unlock the door.

Auction brings in \$135,000

The auction broadcast by KETC, Channel 9, April 8-15 brought in over \$135,000 in auction bids for the station, topping last year's on-air auction amount of \$117,000.

St. Louis' turn-of-the-century Union Station was the setting for this year's auction, the first time the event has been broadcast away from the main studio.

During the eight-day event, bidders purchased over 2,000 celebrity and gift items, services, items of merchandise and vacations.

It culminated with a live, on-air party in Union Station's Grand Ballroom, where New York bandleader Stan Rubin and his band, comedian Kelly Monteth and singer Robert Williams entertained Channel 9 members and auction volunteers.

McKendree degrees to 6

Six Quad-Cityans are among the 201 students graduating from McKendree College, Lebanon, at the end of the spring 1978 term. Registrar JoAnn Montague announced Thursday. Included is Teresa Ann Saksa, bachelor of business administration degree, majoring in business administration-marketing.

Bachelor of arts degrees with majors in the administration of justice have been earned by Ronald D. Bravley, Robert L. Henke, Norris Glenn Horton, Theodore John Nizinski and Ronald L. Selph.

CASH, GUNS TAKEN

A 16-gauge pump shotgun, a 12-gauge automatic shotgun and about \$300 cash were stolen from the home of George Strubberg, 2318 E. 21st St., it was discovered at 11:40 p.m. Sunday. The money had been hidden in a basket on top of the refrigerator and the guns were kept in a gun case in the bedroom. The front door was pried open with what appeared to be a large screwdriver, police said.

Arrow to help get camp ready

Members of the Cahokia Lodge, Order of the Arrow, will spend Friday, Saturday and Sunday, June 9, 10, and 11, preparing Camp Sunken for the 25th summer camping season for area Boy Scouts. Reservations for the weekend must be made by Friday, June 2, at the Cahokia Mound Council

Service center, 2016 Delmar Ave.

All registered scouts and families wishing to do their "Good Deed" may sign up and families may bring campers, tents or trailers for camping. In addition to preparing the camp, Order members of the Arrow who have met the honor camping society requirements may be elevated to Brotherhood.

Barry Tempel is the council chairman, Keith Sanders, Madison is lodge chief. Scout leaders wishing more information may contact the Boy Scout Service Center at 876-0666.

GARAGE BROKEN INTO

Robert Wilson, 1927 Harris St., Madison, discovered at 8:35 a.m. Saturday that his garage had been broken into, but nothing is known missing. A door was forced open. Wilson said he heard his dogs barking about 2 a.m. Saturday, but did not investigate at that time.

Four enlist in Air Force

Three Quad-Cityans have enlisted in the U.S. Air Force under the Delayed Enlistment Program and a fourth has enlisted for immediate training, according to Technical Sergeant Jim Markham, Air Force recruiting representative at 1204 Niedringhaus Ave.

Curtis N. Gray, son of Mr. and Mrs. Raymond Gray of 2623 Stratford Lane, has enlisted in the Delayed Enlistment Program.

Gray, a 1978 graduate of Granite City North, is scheduled for enlistment in the Regular Air Force on July 17. Upon graduation from the Air Force's six-week basic training course, he is scheduled to receive technical training in the General Aptitude Area.

James G. Jackson, son of Mrs. Norma Jackson of 2454 Delmar Ave., has enlisted for delayed enlistment program.

Jackson, a 1976 graduate of Granite City South, is scheduled for enlistment in the Regular Air Force on Nov. 21. Upon graduation from the Air Force's six-week basic training course, he is scheduled to receive technical training in the

Telecommunications Systems Equipment Field.

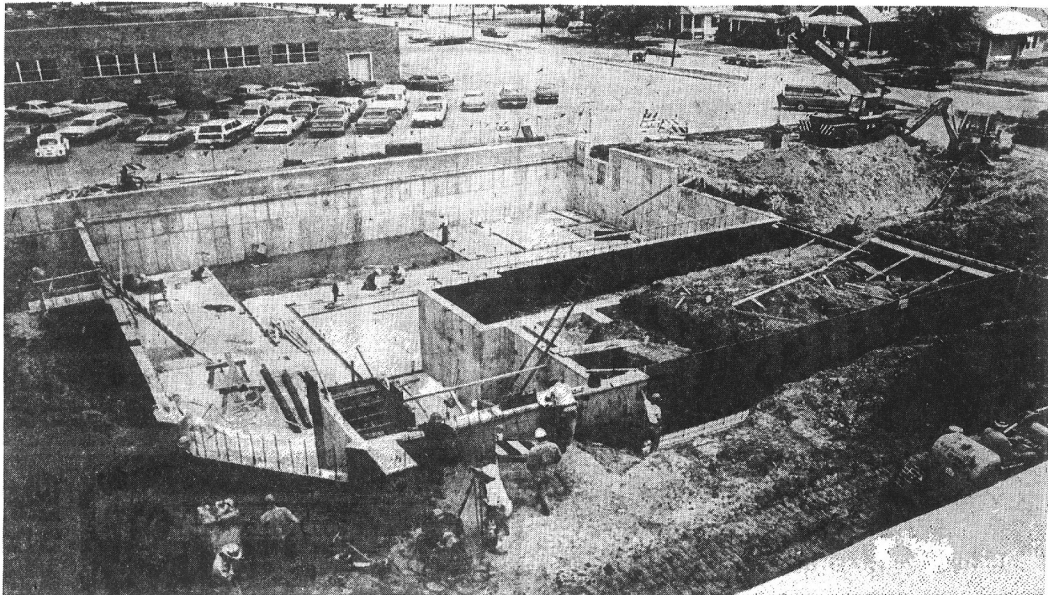

David Lopez, son of Mrs. Antonia Lopez, 1712 Spruce Ave., has enlisted in the program.

Lopez, a 1978 graduate of Granite City South, is scheduled for enlistment Sept. 20. Upon graduation from the Air Force's six-week basic training course, he is scheduled to receive technical training in the Radio Operator Field.

Ramona L. Planitz, daughter of Mrs. Ruth Ann Oster of 794K Old Alton Road, and Jerome J. Planitz, 2929 Washington Ave., has enlisted for immediate training.

Upon graduation from the Air Force's six-weeks basic military training at Lackland AFB, San Antonio, Tex., she will receive training in the General Aptitude Area.

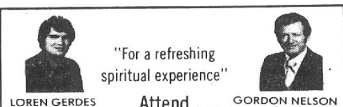

All of the enlistees will earn credits toward a two-year Associate in Applied Science Degree through the Community College of the Air Force while attending basic and other Air Force technical training schools.

Italian-American Club plans events

Tentative plans for a family picnic to be held at Highland Park in July or August were discussed at a meeting of the Italian-American Club of the Quad-Cities, held last week at the Venice Social Club.

Nick Petrillo, president, presided and also led a discussion on a family night at Busch Stadium this summer. Members agreed to sponsor a booth at the Ethnic Festival in Madison scheduled Aug. 25, 26 and 27.

A report was given by Joe Lucindo, treasurer, and Edward Lenzi Sr., secretary. Thirty-five members were present and were served refreshments after the session. The next meeting is planned June 11 at the Venice Social Club, the president added.

Resisting arrest charged

Leonard R. Dyjeski, 1827 Edwardsville Road, Madison, was charged with resisting arrest and two stop sign violations after Madison police stopped his pickup truck at Greenwood and Plum streets at 10:05 a.m. Sunday.

Madison Patrolman Gary Marsala alleged seeing a pickup truck violate the stop sign at 12th Street and Alton Avenue and chased the truck through the sign at 12th Street and Greenwood Avenue before stopping it.

He alleged the driver was uncooperative and refused repeated requests to show the officer his driver's license. Finally, the driver tried to hand Marsala his entire wallet and when Marsala requested he remove only the driver's license, the driver threw the wallet back in his truck,

returned to the truck cab and tried to drive away, the officer related.

Marsala reached through the driver's window and turned off the ignition key, he said. He alleged the driver then got out and shoved Marsala against the side of the truck, injuring the officer's left arm.

They then scuffled and Marsala managed to get the man handcuffed, but alleged he refused to get into the squad car. Other officers from Madison and Venice arrived and helped Marsala arrest the man, it was reported.

Dyjeski was released on a notice to appear in court and posted his driver's license as bond.

2 new savings methods

Ernest A. Karandjeff, chairman of the board of Granite City Trust and Savings Bank, announced today that the financial institution will be offering a series of savings certificates whose interest rates are the highest ever allowed.

Two new instruments for saving are incorporated in the announcement:

1. An eight-year certificate of deposit paying a fixed 7 1/2 percent annual interest rate.

2. A money market certificate with a six-month maturity, yielding a variable return.

The eight-year certificate of deposit is added to the other certificates previously available.

Yield rates for CD's will vary, dependent on duration. The certificates of deposit require a \$1,000 minimum. Interest rates are as follows:

30-90 days duration, 5 percent rate.

90 days-1 year, 5 1/2 percent.

1 year-2 1/2 years, 6 percent.

2 1/2 years-4 years, 6 1/2 percent.

4 years-6 years, 7 1/4 percent.

6 years-8 years, 7 1/2 percent.

8 or more years, 7 3/4 percent.

Interest rates for certificates are calculated on a daily basis, thus yielding a slightly higher return than indicated on the face of the certificate.

Purchasers of certificates of deposit are cautioned that the money invested in CD's must remain on deposit for the agreed time. Early withdrawals result in substantial penalties.

Money market certificates, the second new instrument for savings, will be issued in minimum amounts of \$10,000 or more. The term will be six-months duration.

The yield will vary, depending on the rate announced by the Treasury Department following the average rate established at the weekly auction on U.S. Treasury bills. The auctions are held weekly, usually on Mondays.

If for example, the average auction yield is 6.986 percent, then Granite City Trust can offer the money market certificates for a rate not to exceed 6.986 percent.

Money market certificates are non-negotiable.

Karandjeff pointed to a trend in his announcement.

"What we see happening here," he said, "is a response by U.S. government agencies to the increasing sophistication of private individuals in their business as it regards money matters."

"We have traveled quite a ways from the time when savings institutions merely offered passbook savings accounts at fixed interest rates."

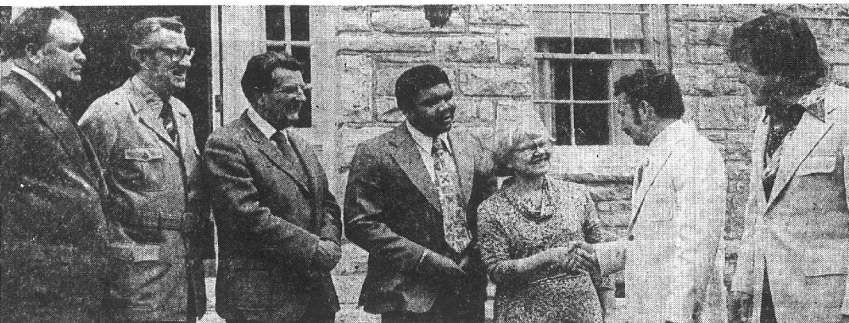

"Individual investors can now substantially increase the money they earn on their savings by taking advantage of the new instruments being offered."

CORRECTIONAL SERVICES in Region Four are discussed by correctional administrators in the conference room at the Pere Marquette Residential Center located near Grafton, Ill. The Center serves delinquent youths of Southern Illinois, including the Quad-Cities area. From left are Kenneth Wells, administrator of Region Four; Werner G. Semetis,

superintendent of the Grafton based facility; Dennis Levandowski, administrative assistant for juvenile institutions, and Samuel Sublett, administrator of juvenile institutions for the Illinois Department of Corrections.

DIVIDE AND CONJURE

USE THREE STRAIGHT LINES TO DIVIDE THIS CIRCULAR PLAYING FIELD INTO FIVE PIECES. IF THE CORRECT LINES ARE DRAWN, THE LETTERS WITHIN EACH SHAPE WILL SPELL A WORD WHEN UNSCRAMBLED.

CLUE:

THE WORDS IN THIS PUZZLE HOLD THINGS TOGETHER.

Launch your boat, not your car

To those who take up boating, it seems most problems occur at the launch site. The more you practice at trailering, launching and loading the boat, the less possibility of embarrassment at the ramp.

There are a few worthwhile tips that might help inexperienced boaters become more proficient in launching their craft.

— Since launching ramps can become a busy scene during peak periods, take the waiting-in-line time to check to make sure the drain plug is properly installed.

— Load any gear onto the

boat while waiting. Make sure you have a launching line attached to the boat, remove the tie downs and tilt the outboard motor up.

When your chance to launch arrives, have one of your companions act as a guide in helping you line up the rig at the right angles to the water.

— Slowly back up the vehicle and trailer until you are able to launch the boat easily.

— If your trailer axle bearings are not the water-sealed type, stop short of submerging.

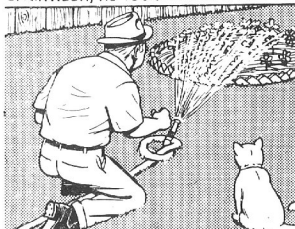

— Before leaving the

vehicle, place it in park and set the emergency brake.

— While your companion holds the bow launching line, release the trailer bed tilt lock and the ratchet lock on the winch. Remove the winch line from the boat bow eye and with a little push, set the boat afloat.

— With your companion attending the launching line to prevent the boat from drifting off, back down your trailer bed and winch line and remove your car and trailer from the launching area immediately, so as not to delay other boaters waiting to launch.

Impeccable album by sultry Shirley

SHIRLEY BASSEY — Yesterday's (United Artists) Shirley turns her tremendous talents back to some evergreens in this memorable album. Among those chosen for the sultry, power-packed Bassey treatment are "My Melancholy Baby," "Don't Get Around Much Anymore," "You Made Me Love You," "As Time Goes By," and "Over the Rainbow." An impeccable selection from an impeccable singer.

Learning to love—yourself

Depressed? Distressed? Feeling ready to fly apart at the seams?

Psychiatrists Tom Rusk and Randy Read have a suggestion:

— Patient, heal thyself.

The two, who teach and work together in private practice in San Diego, Calif., and who are currently writing their second book, contend that self-help may be an excellent alternative to psychotherapy in many cases.

They allow that there are a variety of mental disorders that require professional help, but they feel that a lot of the people undergoing various types of therapy or counseling may actually be spending their time and money unwisely.

"Some people seem to think that being in 'therapy' is a solution in itself," Rusk says, "as though seeing someone once a week were a substitute for doing something about their problems."

"And, of course, it can help. But there's the danger of letting the therapy go on indefinitely or of falling into the trap of expecting someone else to give you all the answers."

Either approach can allow the patient to duck real involvement in solving his problems, the doctors say.

"Therapy can be used as a way to avoid taking action," Read says. "It's like holding your hand in a flame and then instead of responding to the discomfort by taking it away from the heat, taking a painkiller so you can keep it there."

"I think a lot of times therapy is used that way. And

tranquilizers, too. "It's amazing the resistance that people put up to actually working to solve their own problems. They seem to be looking for something like surgical anesthesia. Something that will let them go to sleep and wake up to find everything fixed. But getting mentally healthy isn't like having your appendix out. Other people can't do it for you."

Read and Rusk subscribe to the definition of mental health as not so much being without problems as being able to handle problems.

And as such they feel that it can be learned. By anyone who wants to be "perfect."

The first and most absolutely essential lesson, they say, is:

Learn to love yourself.

It sounds simple. But for most people, the psychiatrist says, it's not.

"If you stand people in front of a mirror and ask them to say something critical to themselves," Read says, "most will find plenty to say. But if you ask them to say something favorable, to give themselves a heartfelt compliment—that's another matter. They feel embarrassed. They can't think of anything to say."

"It seems to go back to the way in which we bring up our children in this country. We don't seem to encourage self-love. We teach that success and winning and being the best are all important. That failing short is failure and failure is bad—a fault."

"And from that people learn to treat themselves very harshly. With such self-

contempt and such self-hate."

The irony of the situation, Read says, is that most people don't work for a boss who treated them as critically and with as much contempt as they treat themselves.

"We're not suggesting adopting a Pollyannaish attitude of 'I'm great and I'm perfect,'" Rusk says. "But the negativity is a real problem. It has sort of an arrogance to it even though it looks humble on the surface."

"There's sort of a message there that you not only should be perfect, but that if you continue to be hard on yourself you could be perfect."

But that approach, the two say, is counterproductive.

The important thing in their view is self-acceptance, being less judgmental, learning to love yourself for what you are—not for what someone else expects you to be.

"We'd like to see people learn to love themselves as they love their pets," Rusk says. "If you have a dog, you love it for what it is, even if it has all sorts of obnoxious habits. You know it's a dog and you don't expect things of it that it can't be. We should all treat ourselves the same way."

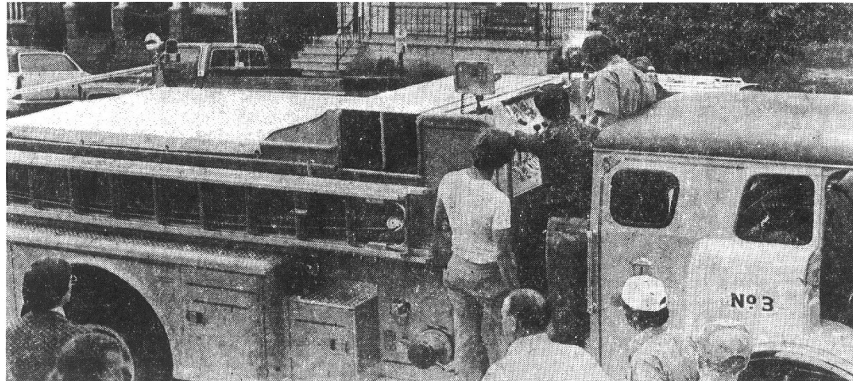

Read agrees. "If you can't get a feeling of respect and warmth for yourself," he says, "then you're running your life from long distance. You're not in touch with yourself. You have no control."

Aladdin Hotel's comedy star, GEORGE CARLIN, won't be appearing for awhile as he suffered a mild heart attack and spent a week in the hospital.

NEW MADISON FIRE TRUCK that was delivered last week is inspected by firemen, city officials and residents. The \$57,000 custom-designed truck has been on order for nearly a year. Among those who viewed the truck are Willie Hlava, left, and City Clerk John Bellcoff, both kneeling. Standing from left are Jim Shipcoff, Joe Kalata, Danny Jones,

Alderman Donald Broyles, Otis Hollenbeck, George Toeynes, Bob Hollenbeck, Robbie Bosworth, Rich Niehaus, Albert Hudzick, city controller partially hidden, Mike Skokio and Alderman Paul Ashford. Standing on the truck from left are Madison Mayor Mike Sasyk, Aldermen Booker Walton and Christ Costoff, and Madison Fire Chief Eldon Rhoads.

CENTER CONSOLE on the new Madison fire truck will give the operator a 360-degree view of the area. Having the console in the center rather than on the side is one of the many custom features of the new

truck. It is equipped with quartz lights for night fire fighting, automatic transmission, electronic sirens and other features incorporating the latest in fire fighting technology. The truck carries 500 gallons of water.

Filters key to efficient air cooling

By CATHERINE R. MAUCK
Madison County Extension Adviser, Home Economics

Be kind to your air conditioner and it will be kind to you. Routine maintenance will give you sound returns for your cooling dollars.

Start the cooling season with a clean air filter and change or clean the air filter every 30 to 60 days to save energy and money.

Air filters used on central and room air-conditioning systems keep dust and lint from depositing on the air blower and cooling surfaces and deliver cleaner air to the home.

A dirty filter causes the unit to work harder to draw air through the filter and increases energy use.

Check around the condenser — located outdoors for both room and central systems — for a winter's worth of leaves, twigs, paper scraps and mud.

The bearings on both the blower and electric motor should be lubricated to maintain maximum efficiency. Lubrication instructions can usually be found on the nameplate or in the manufacturer's manual for the equipment.

STEREO, BOOK TAKEN
A \$60 stereo and speakers and an antique cookbook valued at about \$100 were stolen from a box outside the apartment of Julia Graber, 849 N. Indiana Ave., between Wednesday and 1:30 p.m. Friday. She said she is in the process of moving and left the box in the hallway, covered with papers. The empty box was found in a trash Dumpster outside the building.
